Re: General Ordinance No. 13, 1934.

Gentlemen:

We are submitting for your consideration at your meeting March 4th some suggested amendments to General Ordinance No. 13, 1934.

This Ordinance, as you probably know, regulates by licensing, the solicitation of funds for charitable purposes in the city. In the administration of this Ordinance, the commission has found some items which present difficulties and work hardships upon small organizations, also they have found certain legal weaknesses which we are endeavoring to correct by these amendments. These changes have been made at the suggestion and with the approval of Judge Deery, City Corporation Counsel.

In substance the changes that are made by the Amendments are as follows: Paragraph (g) of Section 3, as amended, omits reference to a thirty day limitation for a license. In some instances solicitations have been conducted for forty to sixty days and the thirty day renewal clause is a nuisance both to the licensee and to the Commission. We believe that the purpose of the Ordinance can be served equally well by making the limit for a license three months instead of the thirty days.

In Section 4 we have made the Ordinance much more explicit than originally provided. We have endeavored to set up under paragraph (a) of Section 4 a standard for the guidance of the Commission which we believe will make the Ordinance less vulnerable from a legal standpoint. In paragraph (b) of Section 4 we have reduced the license fee from \$3.00 to \$1.00. Our experience has

March 4, 1935]

City of Indianapolis, Ind.

87

been that numerous small charitable enterprises are conducted in which the proceeds are limited, yet are conducted legitimately and have a worthy purpose. The \$3.00 license fee works a hardship in these cases and places the City under some criticism of taking money from charitable enterprises where it is not necessary. The issuance fee of \$1.00 should be sufficient to reimburse the City for printing costs, etc. The remainder of amended Section 4 merely outlines provisions of the original ordinance, in a little more explicit manner.

The amendment to Section 5 with regard to Revocation of the license is made necessary by the state law which sets up a specific manner for the revocation of city licenses; and Section 6 with regard to the penalty, omits statements which are already duplicated in Section 5 and omits reference to a misdemeanor which is not within the province of the City Council, and this section also reduces the amount of the fine from \$500.00 to \$100.00.

In view of the fact that a number of applications are being received wherein the provisions of the old Ordinance works somewhat of a hardship, the Commission would appreciate it highly if the Council could see fit to suspend its rules and pass these amendments at this meeting. The writer who is Secretary of the Commission will be present during the Council meeting and will be happy to answer any questions that may be raised.

Cordially,

T. M. OVERLEY, Secretary,
CHARITY SOLICITATIONS COMMISSION.

OTHER COMMUNICATIONS

Indianapolis City Council,
City Hall,
City.

Att'n: Mr. Daniel O'Neill:

Dear Sir:

I am enclosing herewith a petition signed by the rental offices who are members of the Property Managers Division of the Indianapolis Real Estate Board, which petition we would like to have brought to the attention of the City Council.

By way of explanation and in addition to the facts set out in the petition itself, we would like to make it clear that we are not seeking to install new toilets but are only asking that permission be given to re-construct and make sanitary vaults which are already in existence and which, at the present time constitutes a health menace. The new type vaults are approved by the Federal Government and are being installed under their supervision and we sincerely believe that the property owners of Indianapolis who are also the taxpayers of Indianapolis ought to find it possible to avail themselves of this low cost health measure.

If you will be kind enough to present this to the Council and advise us of their attitude toward correcting the present city ordinance. The members of our division will be very appreciative.

Sincerely yours,

EARL B. TECKEMEYER, Chairman,
Property Managers Division.

RESOLUTION

We, the undersigned members of the Property Management Division of the Indianapolis Real Estate Board, being familiar with the Sanitation Work now being carried on under plans of the Federal Emergency Relief, and being further aware of the great number of unsanitary vaults now in existence in Indianapolis and being further acquainted with the fact that because of a certain clause in the City Sanitary Code which prevents the installation of the proposed Sanitary Vaults within a distance of 100 feet of a sanitary sewer, although the present type of unsanitary vaults DO NOW exist within such a radius:

NOW, THEREFORE, we believe that the present type of vault should be eliminated and that the above mentioned clause in the City Code should be modified so as to permit the removal of the old vaults and the replacement thereof with the new approved type, in properties renting for a sum of \$12.00 per month and under, regardless of the fact that said new vault is located within 100 feet of a sewer,

That, the owners of property who are willing to install new type vaults should have it made possible for them to do so and that this clause in the City Code which now prevents the installation of these new type vaults should be modified so as to permit the replacing of old vaults with the new type.

THEREFORE, it is proposed that this Division as a body submit this resolution to The Board of Health and the Indianapolis City Council with the recommendation that a modification of the City Ordinance which now prevents this health measure from being carried out be offered to the City Council for passage at the earliest possible date.

Adopted in open meeting this 19th day of February, 1935.

Which resolution was signed by members of the Property Management Division of the Indianapolis Real Estate Board and was referred to the Committee on Public Health and Charities.

Mr. Cable asked for a recess. The motion was seconded by Mr. Kealing and the Council recessed at 7:55 p. m.

The Council reconvened from its recess at 8:10 p. m., with the same members present as before.

of \$3,500.00 from the unappropriated and unexpended balance in the general fund for the year 1934.

I respectfully recommend the passage of this ordinance.

Yours very truly,

WALTER C. BOETCHER,
City Controller.

April 1, 1935.

Mr. Walter C. Boetcher,
City Controller.

Dear Sir:

The Board of Public Works respectfully requests that you cause to be prepared an ordinance creating and establishing item No. 73, in Board of Public Works Administration accounts and appropriating therein the sum of \$3500.00, from the unappropriated and unexpended balance of the general fund, 1934.

This appropriating is made necessary by the confirmation of Declaratory Resolution No. 15161, which provides for the widening of Locke Street, from North to Walnut Street, by the acquisition of a 10 foot strip of ground immediately west of the present 15 foot alley.

The United States government has granted a 25 foot easement immediately east of said alley which will thereby provide a 50 foot street. This acquisition of property is in conjunction with the Federal Emergency Housing Corporation slum clearance project, now in process of erection. This 10 foot strip of ground will necessitate the wrecking of three double houses, two single houses and two sheds.

The property owners have been very fair with the City in this matter and I desire to especially commend F. T. Off, who has donated his parcel to the City.

Very truly yours,

/s/ ERNEST F. FRICK,
Secretary, Board of Public Works.

P. S. The accompanying blue print will explain what is sought to be done. Will you kindly return same to this office?

c/o Mr. Daniel J. O'Neill, Jr.,
City Clerk.

Dear Sir:

In examining General Ordinance No. 23, 1935, on which the Common Council seeks to be advised as to its legality, I wish to say that I have searched the statutes with regard to powers of the Common Council to regulate upholstering and I find nothing therein contained that would give the Common Council such power.

I am, therefore, of the opinion that this ordinance would not be valid, and should it be passed its validity might very easily be attacked. I, therefore, recommend that the Common Council reject the ordinance or strike it from the files.

Very truly yours,

MICHAEL B. REDDINGTON,
Assistant City Attorney.

IND. U. LAW LIB. IND'PIS.

Mr. Walter Boetcher, Controller,
City of Indianapolis, Indiana.

Dear Sir:

Acting under instructions from the Board of Health, City of Indianapolis, I am directed to request that you submit a bill for an ordinance ratifying, confirming and approving certain contracts entered into on the 1st of May, 1935, by and between the City of Indianapolis, acting through its Board of Health and with the approval of the Mayor, for certain contractors, said contracts being in connection with the construction of a new addition to the City Hospital, on the Indianapolis City Hospital grounds, to be known as the Indianapolis Flower Mission Memorial Hospital Building for the care of open and advanced cases of tuberculosis.

In view of the fact that the contracts have already been signed and both the Federal Government and the City are anxious to start working on this project, matters would be facilitated if this ordinance could be passed under suspension of rules.

Respectfully yours,

H. G. MORGAN.

Mr. Edward B. Raub,
C/o Indianapolis Life Insurance Co.,
30th and Meridian Sts.,
Indianapolis.

Dear Sir:

I am enclosing you herewith sixteen copies of the Repeal Ordinance concerning which I talked with you.

Mr. Deery advised me that sixteen copies should be delivered to whoever I expected to introduce the ordinance for me and I am therefore sending them to you to avail myself of your kind offer to introduce the ordinance at the next meeting, which I believe is May 6th.

I might add further regarding the old ordinance that its object, if it had any, was to secure City supervision over the territory in question and that matter is now amply provided for by the action of the last legislature providing for county planning, so that there is now no excuse whatever for the maintenance of the old ordinance.

As I think I told you, the old ordinance is held in abeyance under the statute by reason of an Appeal taken to the County courts and has never been in force or effect; furthermore, the old ordinance is wholly illegal, in that ground proposed to be annexed to the City must adjoin the same, whereas this ground is wholly separate and apart from the City and does not adjoin the corporation limits at any point save and except by the fiction of annexing 71st Street as a connecting link.

This subterfuge the courts have passed upon and rejected, as in the case of the Indianapolis Airport, so that a repeal of the old ordinance would seem to be a much better way of meeting the situation than to have a court order.

Unless I hear from you to the contrary I will not be present at the meeting where the ordinance is introduced and will depend entirely upon what contacts I can establish with the Councilmen and

what remarks may seem advisable by me at the time when the ordinance comes up for final hearing.

Mr. Daniel J. O'Neill, Jr.,
City Clerk,
35 South Alabama St.,
Indianapolis, Indiana.

Dear Mr. O'Neill:

I am enclosing herewith fifteen copies of General Ordinance No. 37, 1935, entitled:

IND. U. LAW LIB. INDIANAPOLIS.

AN ORDINANCE concerning the salaries, wages, and compensation of officers and members of the Indianapolis Department and members of the Indianapolis Fire Department, Indianapolis, Indiana, supplementing, suspending and repealing any and all general, special and appropriation ordinances heretofore enacted and in conflict herewith; also of any ordinance of the City of Indianapolis, Indiana, or any executive order heretofore made by any Board, Commission, Department or governing body of any department or official of said City; and fixing a time when the same shall take effect.

The wages of the members of the Indianapolis Police Department and the Indianapolis Fire Department have heretofore been reduced approximately 15%. Such reduction at the time was occasioned by reduced costs of living. Since that reduction in wages, cost of living has materially increased to such an extent that a great hardship has been worked on the members of these departments.

I believe it only fair and just that the Common Council of the City of Indianapolis restore the salaries and wages paid to the Police and Firemen of this city to their original levels, and I am therefore recommending that the Common Council pass this ordinance without delay.

Yours truly,

EDWARD R. KEALING,
City Councilman.

INTRODUCTION OF SPECIAL ORDINANCES

By the Board of Health:

SPECIAL ORDINANCE NO. 1, 1935

AN ORDINANCE authorizing and approving the acceptance of a proposed supplemental and additional grant to be made by the United States of America to the City of Indianapolis for the purpose of constructing and equipping a public tuberculosis hospital and a dispensary for the sick poor of said city, approving the terms and conditions of said proposed grant, and fixing a time when this ordinance shall take effect.

WHEREAS, there is in the City of Indianapolis an urgent need for public hospital facilities for the care and treatment of persons suffering from advanced cases of tuberculosis and for a dispensary and aid to the sick poor of said city; and

WHEREAS, the city has now under way a project of this nature to be erected on the Indianapolis City Hospital grounds, to be known as the Indianapolis Flower Mission Memorial Hospital Building and the John Maurice Butler Dispensary and Aid to the Sick Poor of Indianapolis; and

WHEREAS, the United States of America has approved a grant to the City of Indianapolis to add to and supplement a grant already accepted by the city under the terms of Special Ordinance No. 3, 1934, the terms and conditions of which added and supplemental grant agreement are as follows:

“GRANT AGREEMENT between the CITY OF INDIANAPOLIS, (MARION COUNTY, INDIANA) and the UNITED STATES OF AMERICA. P. W. A. Docket No. 8436-A.

“1. PURPOSE OF AGREEMENT. Subject to the terms and conditions of this Grant Agreement (herein called the ‘Agreement’) the United States of America (herein called the ‘Government’) will, by grant, aid the City of Indianapolis, (Marion County, Indiana, herein called the ‘Grantee’) in financing a project (herein called the ‘Project’) consisting of the construction and equipment of a 3-story, basement and sub-basement fireproof hospital building, to be known as the Flower Mission Hospital, all pursuant to the Grantee’s application (herein called the ‘Application’), P. W. A. Docket No. 8436-A, Title II

of the National Industrial Recovery Act (herein called the 'Act') and the Constitution and Statutes of the State of Indiana (herein called the 'State').

"2. AMOUNT OF GRANT. The Government will make and the Grantee will accept a grant (herein called the 'Grant') in an amount equal to 30 per centum of the cost of the labor and materials employed upon the Project. In no event shall the Grant be in excess of \$12,500. The determination by the Federal Emergency Administrator of Public Works (herein called the 'Administrator') of the cost of the labor and materials employed upon the Project shall be conclusive.

"3. GRANT REQUISITIONS. From time to time after the execution of this Agreement, the Grantee may file a requisition with the Government requesting the Government to make a payment on account of the Grant. Each requisition shall be accompanied by such documents as may be requested by the Administrator (a requisition together with such documents being herein collectively called a 'Requisition').

"4. GRANT PAYMENT. If a Requisition requesting the Government to make a payment on account of the Grant is satisfactory in form and substance to the Administrator, the Government will pay to the Grantee at such place or places as the Administrator may designate, against delivery by the Grantee of its receipt therefor, a sum of money equal to the difference between the aggregate amount previously paid on account of the Grant, and

- (a) 25 per centum of the cost of the labor and materials shown in the Requisition to have been employed upon the Project if the Requisition shows that the Project has not been completed, or
- (b) 30 per centum of the cost of such labor and materials if the Requisition shows that the Project has been completed and that all costs incurred in connection therewith have been determined.

"5. GRANT ADVANCES. At any time after the execution of this Agreement the Government may, upon request of the Grantee, if in the judgment of the Administrator the circumstances so warrant, make advances to the Grantee on account of the Grant, but such advances shall not be in excess of 30 per centum of the cost of the labor and materials to be employed upon the Project, as estimated by the Administrator.

"6. DEPOSIT OF GRANT; CONSTRUCTION ACCOUNTS. The Grantee shall deposit the Grant promptly upon receipt thereof, and all funds which will be required in addition to the Grant to complete the Project, in a separate account or accounts (each of such separate accounts herein called a 'Construction Account'), in a bank or banks which are members of the Federal Reserve System and of the Federal Deposit Insurance Corporation and which shall be satisfactory at all times to the Administrator.

"7. DISBURSEMENT OF MONIES IN CONSTRUCTION ACCOUNTS. The Grantee shall expend the monies in a Construction Account only for such purposes as shall have been previously specified in Requisitions filed with the Government and as shall have been approved by the Administrator. Any monies remaining unexpended in any Construction Account after the completion of the Project shall be used to meet obligations (including bonds or other indebtedness) incurred in connection with the construction of the Project. When there are no longer any such obligations outstanding the Grantee may use such monies for any other purpose.

"8. OTHER FINANCIAL AID FROM THE GOVERNMENT. If the Grantee shall receive any funds directly or indirectly from the Government or any agency or instrumentality thereof, other than the Grant, to aid in financing the construction of the Project, to the extent that such funds are so received the Grant shall be reduced.

"9. CONSTRUCTION OF PROJECT. As soon as practicable after the execution of the Agreement, the Grantee (unless it has already done so) shall commence or cause to be commenced the construction of the Project, and the Grantee shall thereafter continue such construction or cause it to be continued to completion with all practicable dispatch, in an efficient and economical manner, at a reasonable cost and in accordance with the provisions of this Agreement, plans, drawings, specifications and construction contracts which shall be satisfactory to the Administrator, and under such engineering supervision and inspection as the Administrator may require. Except with the written consent of the Administrator, no materials or equipment for the Project shall be purchased by the Grantee subject to any chattel mortgage, or any conditional sale or title retention agreement.

"10. COMPLETION OF PROCEEDINGS. As soon as practicable after the execution of this Agreement, the Grantee (unless it has already done so) shall obtain, or will take proceedings appropriate to obtain funds, which, together with the Grant, will be sufficient to pay all costs of constructing the Project.

"11. CONSTRUCTION WORK. All work on the Project shall be done subject to the rules and regulations adopted by the Administrator to carry out the purposes and control the administration of the Act. By the act of executing this Agreement the Grantee acknowledges receipt of a copy of the rules and regulations set out in Bulletin No. 2, Non-Federal Projects, revised March 1, 1935, entitled 'P. W. A. REQUIREMENTS as to BIDS, CONTRACTORS' BONDS, AND CONTRACT, WAGE AND LABOR PROVISIONS AND GENERAL INSTRUCTIONS as to APPLICATIONS AND LOANS AND GRANTS', and covenants that said rules and regulations, with all blank spaces filled in as provided in said Bulletin, (the word 'Borrower' as used therein being construed as meaning 'Grantee') will be incorporated verbatim in ALL CONSTRUCTION CONTRACTS for work on the Project.*

"12. FORCE ACCOUNT. All construction work on the Project shall be done under contract, provided, however, that if prices in the bids are excessive, the Grantee reserves the right, anything in this Agreement to the contrary notwithstanding, to apply to the Administrator for permission to do all or any part of the Project on a force account basis.

"13. RESTRICTION AS TO CONTRACTORS. The Grantee shall receive no bid from any contractor, nor permit any contractor to receive any bid from any sub-contractor, who has not signed U. S. Government Form No. P. W. A. 61, revised March, 1934.

"14. BONDS AND INSURANCE. Construction contracts shall be supported by adequate surety or other bonds or security satisfactory to the Administrator for the protection of the Grantee, or materialmen, and of labor employed on the Project or any part thereof. The Contractor under any construction contract shall be required to provide public liability insurance in an amount satisfactory to the Administrator.

"15. INFORMATION. During the construction of the Project the Grantee shall furnish to the Government all such information and data as the Administrator may request as to the construction, cost and progress of the work.

"16. REPRESENTATIONS AND WARRANTIES. The Grantee represents and warrants as follows:

- (a) LITIGATION. No litigation or other proceedings are now pending or threatened which might adversely affect the construction and operation of the Project, or the financial condition of the Grantee;

"* Particular care should be taken by the Grantee that in all construction contracts *the following words* are inserted in the blank space in Paragraph 3 (a) (1) of the rules and regulations: the City of Indianapolis and/or Marion County, and *the following words* are inserted in the blank space in Paragraph 3 (a) (2) of the rules and regulations: the State of Indiana.

- (b) FINANCIAL CONDITION. The character of the assets and the financial condition of the Grantee are as favorable as at the date of the Grantee's most recent financial statement, furnished to the Government as a part of the Application, and there have been no changes in the character of its assets or in its financial condition except such changes as are necessary and incidental to the ordinary and usual conduct of the Grantee's affairs;
- (c) FEES AND COMMISSIONS. It has not paid and does not intend to pay any bonus, fee or commission in order to secure the Grant hereunder;
- (d) AFFIRMATION. Every statement contained in this Agreement, in the Application, and in any supplement thereto or amendment thereof, and in any other document submitted to the Government is correct and complete, and no relevant fact materially affecting the Grant or the Project, or any of the duties or obligations of the Grantee under this Agreement has been omitted therefrom.

"17. EXPENSES. The Government shall be under no obligation to pay any costs, charges or expenses incident to compliance with any of the duties or obligations of the Grantee under this Agreement including, without limiting the generality of the foregoing, any legal, engineering or accounting costs, charges or expenses incurred by the Grantee.

"18. **WAIVER.** Any provisions of this Agreement may be waived or amended with the consent of the Grantee and the written approval of the Administrator, without the execution of a new or supplemental agreement.

"19. **INTEREST OF MEMBER OF CONGRESS.** No Member of or Delegate to the Congress of the United States of America shall be admitted to any share or part of this Agreement, or to any benefit to arise thereupon.

"20. **NAMING OF PROJECT.** The Project shall never be named except with the written consent of the Administrator.

"21. **INSURANCE ON PROJECT.** The Grantee shall, during the life of the Project, maintain proper and adequate insurance thereon.

"22. **UNDUE DELAY BY THE GRANTEE.** If in the opinion of the Administrator, which shall be conclusive, the Grantee shall delay for an unreasonable time in carrying out any of the duties or obligations to be performed by it under the terms of this Agreement, the Administrator may cancel this Agreement.

"23. **CONDITIONS PRECEDENT TO THE GOVERNMENT'S OBLIGATIONS.** The Government shall be under no obligation to make any part of the Grant:

(a) **FINANCIAL CONDITION AND BUDGET.** If, in the judgment of the Administrator, the financial condition of the Grantee shall have changed unfavorably in a material degree from its condition as theretofore represented to the Government, or the Grantee shall have failed to balance its budget satisfactorily or shall have failed to take action reasonably designed to bring the ordinary current expenditures of the Grantee within the prudently estimated revenues thereof;

(b) **COST OF PROJECT.** If the Administrator shall not be satisfied that the Grantee will be able to complete the Project for the sum of \$41,016 additional, or that the Grantee will be able to obtain, in a manner satisfactory to the Administrator, any additional funds which the Administrator shall estimate to be necessary to complete the Project;

- (c) COMPLIANCE. If the Administrator shall not be satisfied that the Grantee has complied with all the provisions contained in this Agreement theretofore to be complied with by the Grantee;
- (d) LEGAL MATTERS. If the Administrator shall not be satisfied as to all legal matters and proceedings affecting the Grant or the Project;
- (e) REPRESENTATIONS. If any representation made by the Grantee in this Agreement or in the Application or in any supplement thereto or amendment thereof, or in any document submitted to the Government by the Grantee shall be found by the Administrator to be incorrect or incomplete in any material respect.

"This Agreement shall be binding upon the parties hereto when a copy thereof, duly executed by the Grantee and the Government, shall have been received by the Grantee. This Agreement shall be governed by and construed in accordance with the laws of the State. If any provision of this Agreement shall be invalid in whole or in part, to the extent it is not invalid it shall be valid and effective and no such invalidity shall affect, in whole or in part, the validity and effectiveness of any other provision of this Agreement or the rights or obligations of the parties hereto, provided, however, that in the opinion of the Administrator, the Agreement does not then violate the terms of the Act.

"IN WITNESS WHEREOF, the Grantee and the Government have respectively caused this Agreement to be duly executed as of.....

June 4, 1935, and the bank balance was verified by correspondence with the Indiana National Bank.

For your general information about this trust I quote from the report made to your predecessors by the former City Controller under date of March 12, 1934.

"The beginning of this fund was a bequest of the late Charles Warren Fairbanks, Vice-President of the United States, of \$50,000 left to the City of Indianapolis to be used as a memorial to his wife, Cornelia Cole Fairbanks. Seven trustees, under the terms of the will, were named to administer the fund. The bequest provided that the proceeds of the bequest should be invested for a period of five hundred years, with the right to the city to use the earnings of the principal every fifty years for the intellectual, moral and physical well-being of the worthy poor of the community. The trustee-ship was created in 1922, and the funds were invested immediately after they came into the custody of the trustees."

The expense of the administration of this trust is limited to the rent of a safety box and such incidental commissions as may be required in the purchase of securities. The trustees serve without pay.

Attached please find operating statement for the year 1934.

Respectfully submitted,

The amount of such reduced fee, in the percentage so advised based on a total construction cost of \$158,816.00 shall then constitute full and complete payment for all services rendered under this contract.

"PROGRESS PAYMENTS. The Owner shall pay the Architect each month during the progress of the work, an amount which shall be 85% of 3% of the value of labor and materials permanently in place in the building, and such amount shall be paid within approximately ten days from receipt of the Architect's certificate showing the amount of such labor and materials so permanently installed in said building, and said payments shall continue until the Owner has paid the Architect the sum of \$4,049.80, and the remaining 15%, or \$714.67, shall be paid by the Owner to the Architect within 65 days after the Architect has certified to the Owner that all Building Contracts have been satisfactorily completed and upon affidavits and releases being given that all sub-contractors, suppliers, laborers and materialmen and all other obligees under this building contract are fully and completely paid and satisfied. Provided, also, that if the Federal Public Works Administration advises that a lower figure than 3% be used, then these progress payments shall be prorated accordingly, and a 15% reserve maintained in the same prorata manner.

"ARTICLE SIX

"THIS CONTRACT is intended to secure to the Owner the professional services of the Architects in person, and therefore if the Architects shall, before the completion of the work herein specified, die or become incapacitated, the Owner agrees to pay to the Architects' personal representatives, so far as then unpaid, the equit-

June 24, 1935.

Mr. Walter C. Boetcher,
City Controller,
City of Indianapolis, Indiana.

Dear Sir:

We would like to replace our present Monroe calculating machine with a more improved model.

The machine that we are considering in trade for our old machine, which is eleven years old and necessitates adjustment and new parts at frequent intervals, is a factory rebuilt, guaranteed machine. We feel that by buying this factory rebuilt model, that we will more than save the difference over a period of several years, in the cost of repairs.

The Monroe Company will allow us \$125.00 trade-in for our old machine and the price of the new one is \$250.00, leaving a balance, to be paid out of our Equipment Fund, of \$125.00. We feel that this is a very excellent proposition and would like to take advantage of this offer.

There is at present a balance of \$29.64 in our Equipment Fund, No. 72, and in order to make this purchase possible it is necessary that we have the above difference of \$125.00 transferred to Fund 72 from various other of our funds.

Accordingly, will you please have transferred from the unex-

Attention: Mrs. McCabe:

Gentlemen:

At the instance of Mr. John A. Schumacher, we enclose herewith sixteen copies of the draft of an ordinance to amend Section 45 of the Traffic Code, so as to change the direction of traffic in Muskingum Street from the north boundary of Washington Street to the south boundary of Market Street from south-bound to north-bound.

In the enclosed drafts the amendments have been underlined.

Kindly note that the last clause in Clause (b) of the enclosure, reading "all vehicles shall enter from the west and proceed east," is an amendment in *form* only, inasmuch as the language previously had read "traffic shall move in the east direction only." The change in the form of the language contained in this last clause was made for the purpose of conforming the language therein to the general form of the language contained in the rest of the section and to remove the awkward construction of the language above referred to.

We understand Mr. Schumacher will be on the lookout for these papers Monday morning.

Very truly yours,

SMITH, REMSTER, HORN BROOK & SMITH.

Mr. Fritz asked for a recess. The motion was seconded by Mrs. Dowd and the Council recessed at 8:00 p. m.

GENERAL ORDINANCE NO. 56, 1935

AN ORDINANCE providing for the inspection of motor vehicles.

WHEREAS, the great number of persons injured and killed in motor vehicle accidents is, in no small measure, due to the operation of vehicles which are not equipped with proper brakes and connections, lights, signaling devices, windshield wipers, reflectors, stop lights, draw bars and couplings, tires, rear vision mirrors or reflectors, steering mechanism, wheel alignment and other safety factors which do not meet the standards of safety fixed by lawful authority; and

WHEREAS, the power to make inspections and tests of motor vehicles, granted to regularly constituted police forces of this state, has not, in this city been efficiently exercised because of lack of facilities and equipment;

BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF INDIANAPOLIS:

Section 1. The term "motor vehicle," as used in this ordinance, shall be construed to include automobiles, busses, trucks, tractors, trailers, semi-trailers and all other vehicles propelled other than by muscular power, excepting traction engines, tractors used exclusively in drawing or propelling farm machinery, road rollers, road or street sprinklers, motor vehicles running only upon rails or tracks, fire engines and wagons, municipal owned ambulances and police patrol wagons.

The word "Board" shall mean the Board of Public Safety in charge of the regularly constituted police force of the City of Indianapolis.

The words "brakes," "lights," "signalling devices," "windshield wipers," "reflectors," "stop lights," "draw bard and couplings," "tires," "rear vision mirrors" or "reflectors," "steering mechanism" and "wheel alignment" and other words and phrases used in the statute and in this ordinance are declared to be defined in the same manner as like words and phrases are defined in or under the motor vehicle laws of the State of Indiana.

Section 2. The Board of Public Safety of the City of Indianapolis is hereby authorized and directed to establish at a convenient place or places within the City of Indianapolis one or more stations where tests of automobiles may be made; to provide such mechanical devices and equipment at such station or stations as shall be sufficient to make, with precision, lawful tests of motor vehicles; to conduct the tests of motor vehicles as by the motor vehicle laws of the State of Indiana authorized; to provide for such personnel to make said tests and to operate said stations as said Board may determine to be necessary and efficient to perform the duties authorized by this ordinance or by law; and to prepare and furnish certificates or tags to be attached to motor vehicles inspected which shall successfully pass the tests of safety required by law.

Section 3. Said Board shall, upon the completion of its arrangements for the testing of motor vehicles, give notice to the vehicle owners affected hereby of such readiness for testing, which notice shall designate the location of the established testing station or stations, the date on which inspections shall begin, the hours and days during which such stations will be open to conduct tests. Said notice shall be published at least one time in each of two newspapers of general circulation printed and published in the City of Indianapolis,

not less than five days before the date upon which said stations shall be open to conduct tests. Said notice may contain any other information the Board may deem advisable to publish.

Section 4. It shall be unlawful for any person to use any such testing station or the equipment thereof for the purpose of making repairs to motor vehicles.

Section 5. It shall be unlawful for any officer or employee of the City of Indianapolis engaged, directly or indirectly, in the making of the inspections and tests, to recommend or suggest, while in the performance of his testing and inspection duties, the name of any person, firm or corporation engaged in the business of repairing motor vehicles.

Section 6. It shall be unlawful for any person, firm or corporation to advertise for or solicit motor vehicle repair work on the premises of any inspection station or on the highway immediately adjacent thereto.

Section 7. Every licensed motor vehicle operated upon the public highways within the corporate limits of the City of Indianapolis, owned by a resident of Indianapolis or by any person, firm or corporation maintaining in Indianapolis a place of business, other than the United States of America, shall be presented, at least two times each year, at an established station for inspection by said Board; provided, however, if the notice published, as required in Section 3 hereof, shall establish a time well within the calendar year when the first tests shall commence, the first period of inspection may be for a greater or lesser period of time than six (6) months, and may end with the last day of the calendar year in which said notice has been published, to the end that the semi-annual inspection periods may commence with the first day of the next year.

To avoid inconvenience and confusion, the Board may distribute the total inspections of motor vehicles, for any inspection period, over the whole or any part of said period, and, to aid in the orderly presentation of motor vehicles for inspection, may mail notices to the owners of motor vehicles to present same for inspection at designated inspection stations and within the time allotted in such notice, or may give notice in any other form determined by the Board to the said owners of motor vehicles.

The owner of each motor vehicle falling within the class herein specified shall present same for inspection by said Board at the time and place designated in any notice given by the Board; provided, however, that the failure to receive or observe notice shall not excuse any owner from presenting his respective motor vehicle for inspection within each six months period.

The owner of any motor vehicle may present same for test to any authorized station for inspection at any time and without notice, and if the same shall be tested and a certificate of inspection shall be attached thereto, said owner shall not be required to present said motor vehicle for another test during said period, unless he receives specific notice that the same shall again be presented for reinspection. The presentation of a vehicle for inspection within any designated inspection period shall not excuse the presentation thereof for inspection during the next inspection period.

Section 8. If, on inspection, any motor vehicle is found by test to meet the standards of safety fixed by lawful authority, said Board shall thereupon issue a certificate evidencing such successful passage of inspection and the date of such inspection, which certificate shall thereafter be visibly displayed at such place upon or in such motor vehicle as the same shall be attached by the inspector.

So long as said motor vehicle shall be in service, it shall be unlawful to alter, remove, forge, imitate, deface, destroy, cover up or mutilate any such certificate, until said vehicle has again successfully passed inspection.

In the event any authorized and issued certificate shall be lost, damaged or destroyed, the owner of said vehicle shall promptly return said vehicle to the station that issued said certificate, for a new test, and, if said motor vehicle shall again meet the requirements of this ordinance, the Board shall, without cost, issue a new certificate to said owner.

If any motor vehicle shall fail to meet the standard of inspection established by law or ordinance, no certificate shall be issued therefor by the Board, but said Board shall issue to the person presenting said motor vehicle a written statement of the particulars in which same has been found to be defective.

Section 9. The action of the Board in refusing to issue a certificate evidencing that said motor vehicle has successfully passed the test as by law or this ordinance prescribed may be reviewed by any court of record in Marion County, on appeal, to be taken in the same manner as appeals from Boards of County Commissioners; but during such appeal the owner of such vehicle shall not operate the same upon the public highways of the City of Indianapolis, excepting to move the same to a place for repair and return to the station to be reinspected.

Section 10. After notice shall be given to the owner of any motor vehicle to present the same for inspection, it shall be unlawful for any person to continue to operate said vehicle upon the highways of the City of Indianapolis after the expiration of the time fixed in said notice, unless the same shall be submitted for inspection and carries a certificate evidencing that it has passed inspection; provided, however, that this prohibition shall not prevent the movement of said motor vehicle, if it has been submitted for but failed to pass inspection, from the inspection station to a place of repair and return for reinspection. The Board may demand, however, the presentation of any motor vehicle for reinspection, notwithstanding the fact it carries a certificate.

Section 11. Notwithstanding the fact that any motor vehicle shall properly carry a certificate of inspection as herein authorized, if the owner and/or driver thereof has reason to believe that said motor vehicle has become unsafe for operation upon public highways, it shall be his duty to cause the same to be promptly presented to an inspection station for reinspection; provided, however, that this action of the ordinance shall not apply to lights, signalling devices, mirrors or tires, if the same shall be immediately properly replaced or repaired when found to be defective.

Section 12. If, subsequent to the making of inspection of any motor vehicle as herein required, the same shall be sold and the possession transferred from one person to another, such motor vehicle shall, within five days of such transfer, be presented to an inspection station for reinspection; provided, however, that this section shall not apply to sales of newly manufactured motor vehicles by authorized dealers or agencies which bear an inspection certificate, nor to used cars sold by individual owners to authorized dealers and agencies, but when resold or used by said agency or dealer, they shall be reinspected and subject to this ordinance.

Section 13. The inspection of motor vehicles required by this ordinance shall include brakes, lights, signalling devices, windshield wipers, rear vision mirrors, reflectors, steering mechanism, wheel alignment and tires, and such other safety factors as may enable said Board to determine that each motor vehicle inspected is safe for operation on the public highways in the City of Indianapolis.

Section 14. The Board is authorized, in the interest of safety, to inspect motor vehicles operated upon the public highways in the City of Indianapolis and which are not owned by residents of the City of Indianapolis or by any person, firm, or corporation maintaining a place of business in the City of Indianapolis, as in this ordinance required, and to issue or refuse to issue certificates of successful passage of inspection, as in this ordinance provided; but, in such event, the person presenting said vehicle for inspection shall pay the same fees for said inspection, when a certificate of approval has been issued, as in this ordinance provided.

Section 15. Upon the issuance of any certificate of satisfactory passage of inspection, the Board shall charge and collect from the person presenting the vehicle for inspection the sum of One (\$1.00) Dollar; provided, however, that not more than One (\$1.00) Dollar in fees shall be charged by said Board for certificates issued with respect to any particular motor vehicle within the period of any twelve months, and provided, further, that no fee shall be charged or collected from the State of Indiana, the United States of America or from any municipal corporation of the State of Indiana.

All monies collected by the Board shall be deposited with the Controller, who shall credit the same to an account of the general fund, to be known as "The Motor Vehicle Inspection Fund," and may be used to defray the expenses of said Board in the performance of said tests. Any additional expenses necessary in carrying out the provisions of this ordinance by the Board shall be made available from such source and in such manner as may be determined by the Common Council from time to time.

Section 16. Any person who shall violate any of the provisions of this ordinance or shall fail or refuse to obey any police order given hereunder or in accordance with the motor vehicle law of the State of Indiana shall, upon conviction, be fined in any sum not exceeding Twenty-five (\$25.00) Dollars and, upon failure to pay such fine and costs, shall be imprisoned in the County Jail and shall serve

such time at the rate of One (\$1.00) Dollar per day. Each day's violation of this ordinance shall constitute a separate offense; provided, however, that no owner will be deemed guilty of wilfully violating the terms of this ordinance who shall possess a certificate lawfully issued within the last inspection period and who has not yet received notice to present his motor vehicle for reinspection in the next succeeding period, unless more than six months shall have expired since the date of the last inspection.

Section 17. The Board of Public Safety of the City of Indianapolis is hereby authorized to issue and promulgate such rules and regulations as may be found necessary to administer this ordinance, and in keeping with the motor vehicle laws of the State of Indiana.

Section 18. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

If any of the Sections or provisions of this ordinance shall be held invalid, such invalidity shall not be construed to invalidate, effect or change the other sections or provisions hereof.

Section 19. This ordinance shall be in full force and effect from and after its passage, publication and approval, according to law.

COMMUNICATIONS FROM THE MAYOR

July 16, 1935.

To the Honorable President and
Members of the Common Council of the
City of Indianapolis, Indiana.

Gentlemen:

I have this day approved with my signature and delivered to Mr. Daniel J. O'Neill, Jr., City Clerk, the following ordinance:

GENERAL ORDINANCE NO. 50, 1935

AN ORDINANCE transferring moneys from certain funds of the City Plan Commission budget, reappropriating and reallocating

the same to another designated fund of said commission, and fixing a time when the same shall take effect.

Very truly yours,

JOHN W. KERN,
Mayor.

COMMUNICATIONS FROM CITY OFFICIALS

Mr. Daniel J. O'Neill, Jr.,
City Clerk,
Indianapolis, Ind.

Dear Sir:

I, Edward R. Kealing, introduce this Appropriation Ordinance No. 25, 1935, for a swimming pool at Brookside Park.

People of this Community have been trying to obtain a pool for at least twelve years. Brookside Park is in the center of the Northeast section of the city and a swimming pool located there would benefit at least 40,000 persons.

It is my belief that moneys for labor in construction work may be obtained from the P. W. A.

Yours truly,

Signed EDWARD R. KEALING.

August 5, 1935.

To the Honorable President and
Members of the Common Council
of the City of Indianapolis.

Gentlemen:

Attached please find copies of Appropriation Ordinance No. 26, 1935, creating and establishing in the Board of Public Safety Market

August 5, 1935]

City of Indianapolis, Ind.

359

Refrigeration budget, Fund No. 51 and appropriating thereto the sum of Four Hundred Forty-five Dollars and Fifty Cents, (\$445.50), appropriating also the sum of Six Hundred Fifty Dollars (\$650.00) to Eoard of Public Safety Dog Pound budget and the sum of One Hundred Twenty Dollars (\$120.00) to Department of Public Safety Building Department budget, all of said sums being appropriated out of the unappropriated and unexpended balance of the general fund for the year 1934.

I respectfully recommend the passage of this ordinance.

Yours very truly,

WALTER C. BOETCHER,
City Controller.

July 22, 1935.

Walter C. Boetcher,
City Controller,
City of Indianapolis.

Dear Sir:

We find that when the Market Refrigeration budget was made up last year the fact that the insurance covering the refrigeration plant expired this year was not taken into consideration and no money appropriated for the purpose of paying the premium.

The original policy was issued in 1932 for a period of three years and expired on the 23rd day of June this year. The premium on this policy is \$445.50. The insurance company has given a short extension of time in order that the fund from which this premium is paid may be established.

If this policy is continued in force, and we feel it should be, it is therefore, necessary for us to ask that you have an ordinance prepared, and presented to the Common Council for passage, establishing Fund No. 51—Insurance and Premiums—in the Market Refrigeration budget, and that Four Hundred Forty-five Dollars and Fifty Cents (\$445.50) be appropriated thereto from the unexpended

and unappropriated balance of the general fund of 1934 for the purpose of paying this premium.

Respectfully submitted,

BOARD OF PUBLIC SAFETY,

By: THEO. H. DAMMEYER,
President.

P. S. The above premium covers renewal of policy for a period of three years.

July 22, 1935.

Walter C. Boetcher
City Controller,
City of Indianapolis.

Dear Sir:

In checking over the Dog Pound budget we find that the balance remaining in several of the funds is insufficient to carry the department thru the remainder of the year for the purchase of actual necessities.

The drive that has been put on to rid the city of stray and unlicensed dogs has made deep inroads into the funds that under ordinary conditions are inadequate to meet the needs throughout the year.

For the past several years, as you are aware, thru the sale of dogs quite a sum has been contributed to the general fund of the city. Our records show that since the first of this year, thru this channel, \$472.00 has been turned in to the city general fund.

We find to reimburse these funds for the remainder of the year, and at the lowest figure possible, \$650.00 will be needed and we are, therefore, asking that an ordinance be prepared, and presented to the Common Council for passage, appropriating \$650.00 from the unexpended and unappropriated balance of the general fund of 1934 and reappropriate this amount to funds in the Dog Pound budget as follows:

July 30, 1935.

Walter C. Boetcher,
City Controller,
City of Indianapolis.

Dear Sir:

Wm. F. Hurd, Commissioner of Buildings, has advised us that due to the increased number of permits in the various divisions of the Building Department, the appropriation to his fund No. 36—Office Supplies—has been practically exhausted and that this fund will have to be reimbursed in the amount of \$120.00 to carry on for the remainder of the year.

We, therefore, ask that you cause to be prepared an ordinance appropriating \$120.00 from the unexpended and unappropriated balance of the general fund of 1934 to fund No. 36—Office Supplies, Building Department budget, and present this ordinance to the Common Council for passage.

Very truly yours,

BOARD OF PUBLIC SAFETY,

Mr. Walter C. Boetcher,
City Controller.

Dear Sir:

The Board of Public Works and Sanitation respectfully request that you cause to be prepared an ordinance transferring the sum of \$1,000.00 from Board of Public Works and Sanitation Administration No. 26, gas tax, to Street Commissioner No. 43, gas tax, bridge lumber, spikes, etc., and submit the same to the Common Council at their next meeting, with the recommendation from the Board of Public Works and Sanitation that the same be passed.

This transfer is made necessary due to said 43 account being exhausted and bridge lumber must be purchased at once for the repair of the Oriental Street bridge over Pogues Run, which is now closed to vehicular traffic. Inasmuch as this street is one of the few through streets we feel that these repairs must be made at our earliest possible opportunity.

Very truly yours,

BOARD OF PUBLIC WORKS AND SANITATION

Section 2. This ordinance shall be in full force and effect from and after its passage, approval by the Mayor and publication according to law.

Which was read the first time and referred to the Committee on Public Health and Charities.

By the Purchasing Department:

GENERAL ORDINANCE NO. 63, 1935

AN ORDINANCE establishing a central storeroom in the purchasing department of the City of Indianapolis, providing for its operation and management, appropriating the sum of Fifteen Thousand Dollars (\$15,000) as a revolving fund for the purchase of supplies to be stored in the central storeroom, and fixing a time when the same shall take effect.

BE IT ORDAINED BY THE COMMON COUNCIL OF THE
CITY OF INDIANAPOLIS, INDIANA:

Section 1. ORGANIZATION OF CENTRAL STOREROOM. There is hereby created and established in the Department of Public Purchase

of the City of Indianapolis a CENTRAL STOREROOM, the head of which shall be the City Purchasing Agent. He shall have the power to recommend to the Mayor for appointment a storekeeper. Said storekeeper, when appointed, shall keep the records in connection with the CENTRAL STOREROOM.

Section 2. REQUISITIONS AND ESTIMATES. All using agencies of the City of Indianapolis shall file detailed estimates of their requirements in supplies and materials with the City Purchasing Agent, for purchase through the CENTRAL STOREROOM at such times and for such periods as the City Purchasing Agent shall prescribe. This shall in no wise prevent any using agency from filing with the City Purchasing Agent at any time a requisition for any supplies or materials which may be stored in the CENTRAL STOREROOM, the need for which was not foreseen when the detailed estimates were filed.

Section 3. CONTRACT PROCEDURE. All expenditures for supplies or materials purchased for the CENTRAL STOREROOM, the estimated cost of which is over Two Thousand Dollars (\$2,000) must be first authorized by the Common Council of said city and shall be awarded on written contract to the lowest and most responsible bidder after public competitive bidding thereon has taken place. Notice inviting sealed competitive bids shall be published at least once in one (1) newspaper of general circulation in the City of Indianapolis, and at least five calendar days must intervene between the date of final publication and the date set for the submitting of bids. Such notice shall give the specifications of the articles to be purchased, shall state the amount of surety to be submitted, if any, with the bid, and the surety to be given with the contract, the time and place for the opening of bids, and shall give in general terms the conditions of award of the contract. The city purchasing agent shall, in addition, solicit sealed bids from all prospective suppliers who have requested their names to be added to the mailing list of vendors or who may hereafter request that their names be entered on said list by sending them a copy of such newspaper notice or such other notice as will acquaint them with the proposed award. All pending contracts shall also be advertised by a notice posted on a public bulletin board in the Purchasing Agent's office.

All bids shall be submitted sealed to the City Purchasing Agent and shall be accompanied by surety in the form of certified check, cash or bond in such amount as the City Purchasing Agent shall prescribe in the public notice inviting bids. The bids shall be opened

in public at the time and place stated in the newspaper notice. Any and all bids with alterations and erasures therein may be rejected. After examination and tabulation by the City Purchasing Agent, all bids may be inspected by the competing bidders. The City Purchasing Agent may, with the approval of the Mayor or, in his absence, the City Controller, reject any or all bids, or the bid for any one or more commodities included in the proposed contract, when the public interest will be served thereby. When all bids received or for the same total amount or unit price, and when the public interest will not permit the delay of readvertising for bids, the City Purchasing Agent may purchase the commodities in the open market, provided the price paid in the open market shall not exceed any bid price submitted for the same commodity. Otherwise, the contract shall be awarded to the lowest and best bidder; quality offered with bid, delivery terms, and service reputation of the vendors may be taken into consideration in determining the successful bidder.

Before any contract is executed, the successful bidder shall file with the City Purchasing Agent a surety in the form of certified check, cash or bond in an amount to be determined by the City Purchasing Agent. All surety bonds and contracts shall be approved as to form by the department of law of the City of Indianapolis. Such certified check, cash or surety bond shall be payable to the City of Indianapolis. All certified checks shall be upon banks doing business in the City of Indianapolis, and all surety companies shall be those who are duly licensed and authorized to do business in the State of Indiana. If the successful bidder shall not, within ten (10) days after the award, enter into contract and file the required surety, he shall forfeit the surety which accompanied his bid. A copy of each long term contract shall be filed in the office of the purchasing department and the office of the City Controller and shall be a public record.

Section 4. OPEN MARKET ORDERS. All expenditures for supplies and materials to be stored in the CENTRAL STOREROOM, the estimated cost of which is less than Two Thousand Dollars (\$2,000) shall be made in the open market without newspaper advertisement and the procedure prescribed by Section 3 of this ordinance. In case of an emergency which requires immediate purchase of supplies or material, the Mayor or, in his absence, the City Controller may authorize the City Purchasing Agent to secure in the open market at the lowest obtainable price any supplies or materials, regardless of the amount of the expenditure; provided, however, that a full explanation of the circumstances of such emergency shall be entered

in the records of the purchasing department and shall be open to public inspection.

All open market purchases shall, wherever possible, be based on at least three (3) competitive bids, and shall be awarded to the lowest and most responsible bidder. The City Purchasing Agent shall solicit bids by direct mail request to prospective vendors, by telephone and by public notice on a bulletin board in his office. The City Purchasing Agent shall keep a record of all open market orders and the bids submitted in competition thereon, and such records shall also be open to public inspection.

Section 5. ENCUMBRANCE OF FUNDS. Except in cases of emergency, the City Purchasing Agent shall not issue any order for delivery on a contract or any open market order for supplies or materials for the CENTRAL STOREROOM unless and until the City Controller certifies that there is to the credit of the revolving fund of the CENTRAL STOREROOM a sufficient balance in excess of all unpaid obligations to defray the cost of such supplies or materials.

Section 6. INSPECTION. The city purchasing department shall supervise inspection of all deliveries of supplies and materials for the CENTRAL STOREROOM to determine their conformance with the specifications set forth in the order or contract. Any department having the staff and facilities for adequate inspection may be authorized by the City Purchasing Agent to inspect all deliveries made to the CENTRAL STOREROOM under rules and regulations which the City Purchasing Agent shall establish. The City Purchasing Agent shall have authority to prescribe chemical and physical tests of samples submitted with bids and samples of deliveries to determine their quality and conformance with city specifications. In the performance of such duties the City Purchasing Agent shall have authority to make use of laboratory facilities of any agency of the city government.

Section 7. REVOLVING FUND. There is hereby appropriated out of the unexpended and unappropriated balance of the general fund of the civil city for the year 1934 the sum of Fifteen Thousand Dollars (\$15,000) as a revolving fund in the department of finance for the purchase of supplies and materials to be stored in the CENTRAL STOREROOM. Such revolving fund shall at all times be in the custody of the City Controller's office and the balance in such fund shall be administered in the same manner as balances in any other fund of the civil city government. Any balance at the close of the fiscal year in such revolving fund shall not revert back to the gen-

eral fund, but shall be classified as a *continuing fund* and shall remain intact. Disbursements from the revolving fund shall be made by the City Controller upon receipt of vouchers approved by the City Purchasing Agent and of properly signed supporting statements that the supplies or materials for which each voucher has been approved have been received by the CENTRAL STOREROOM.

The City Controller may at any time cause an inventory to be made of the materials and supplies on hand in the CENTRAL STOREROOM for the purpose of reconciling the balance in the revolving fund.

Transfers from the appropriation of the using agencies for supplies delivered to them from the CENTRAL STOREROOM shall be made in accordance with rules prescribed by the City Controller.

Section 8. BOARD OF STANDARDIZATION. The Mayor, Purchasing Agent and President of the Board of Public Works and Sanitation, personally or by deputy, shall constitute the Board of Standardization. The members of this board shall serve without additional compensation. It shall be the duty of this board to classify all the supplies and materials to be stored in the CENTRAL STOREROOM, to adopt as standards the minimum number of qualities, sizes and varieties of commodities consistent with the successful operation of the CENTRAL STOREROOM and of the using agencies. The Board of Standardization shall have power to make use of the laboratory and engineering facilities of the city and the technical staffs thereof in connection with its work of preparing and adopting standards and written specifications. The board shall also freely consult with the heads and other officials of the using agencies to determine their precise requirements, and shall endeavor to prescribe those standards which meet the needs of the majority of such agencies. After its adoption, each standard specification shall, until revised or rescinded, apply alike in terms and effect to every future purchase and contract for the commodity described in such specification; provided, however, that in case of emergency the Mayor may approve the purchase by the Purchasing Agent for storage in the CENTRAL STOREROOM of supplies and materials for which standard specifications have not been prescribed.

Section 9. RULES AND REGULATIONS. The City Purchasing Agent shall promulgate or make rules and regulations in connection with the operation of the CENTRAL STOREROOM and the use by using agencies of supplies therefrom, and from time to time amend the

same; such rules and regulations and amendments thereto shall be subject to the approval of the Mayor and City Controller. The City Purchasing Agent shall submit to the Mayor an annual report on the CENTRAL STOREROOM, showing what economies have been effected as a result of its operation, and may submit from time to time recommendation for changes in the operation of the CENTRAL STOREROOM which he deems necessary.

Section 10. DATE OF TAKING EFFECT. This ordinance shall be in full force and effect from and after its passage, approval by the Mayor and publication according to law.

Which was read the first time and referred to the Committee on Finance.

August 19, 1935.

To the Honorable President and
Members of the Common Council of the
City of Indianapolis, Indiana.

Gentlemen:

I have this day the honor of submitting to your honorable body, pursuant to the statutes of the State of Indiana, the proposed budgets of the departments of government of the City of Indianapolis for the year 1936, together with the proposed tax levies for the general fund and each separate fund, and also the budget of the estimated receipts of the special street fund to be derived from the gasoline fund, all of which is hereto attached and which has been transmitted by and with the recommendation of the honorable Walter C. Boettcher, City Controller, as required by law.

In doing so, I feel obligated to express my appreciation to the City Controller and his assistants, and to the members of the various city boards and department heads for their efforts in outlining a financial program for the next year which carries on efficient and economical principles of government.

City of Indianapolis, Ind.

In your consideration of the budget, I assure you that the services of the controller, board members and department heads, and myself, are at your disposal. We will be glad to appear before you and give you all the information we possess.

Respectfully,

JOHN W. KERN,

August 19, 1935.

To the Honorable President and
Members of the Common Council of the
City of Indianapolis, Indiana.

Gentlemen:

Because of the keen and intelligent interest you have taken and are taking in the city government and because of certain features of the proposed budget submitted by me to you this date, I am taking the liberty of writing you in some detail concerning the 1936 budget of the City of Indianapolis.

It is our mutual aim to achieve efficient city government, and also economical city government which will not be too great a tax burden upon the taxpayers of this community. In order to maintain efficient operation, certain departments deemed it necessary to ask for increases over their budgets of the current year. However, the greatest estimated increase is in the sinking fund requirements of the city sinking fund and the Sanitary District Bond fund, totalling \$225,101.00. The increase in the city sinking fund estimated requirements was made necessary by the fact that approximately \$400,000.00 more of bonds mature in 1936 than matured in 1935, and the increase in the Sanitary District Bond Fund was made necessary by the recent bond issues incident to the construction of a new sewage disposal unit and the purchase of new cookers for the garbage disposal plant. Our problem was also made difficult by the fact that our revenues from liquor licenses and miscellaneous receipts for the next year will be less than they were this year by \$135,924.68. The heads of departments for which increases are asked will undoubtedly appear before you and explain the various items in their individual budgets, but I should like to express myself briefly on these increases.

The main increase in the budget of the Police Department for the next year is for an additional thirty-four second-grade policemen. This restores the police department to the strength it had three years ago. To some extent it was made necessary by the increase of the motorcycle squad which is a part of the safety program of the present city administration, and it is also hoped that the increased personnel will make for a more uniform law enforcement.

The principal increase asked in the Fire Department budget is with regard to the building of a new fire station and the remodeling of two old ones, and also in the equipment fund out of which will be built a new one-thousand-gallon pumper, and also which will pay for much needed fire hose and other minor equipment. You are, I know, familiar with the fact that Fire House No. 6 has been abandoned on account of its dilapidated condition, and it is the thought of the department that the company formerly occupying that house and the company occupying House No. 1, the location and condition of which is no longer desirable, can be combined in a new house which will better serve that area of the city. In order that the older fire houses in the city need not be completely abandoned on account of dilapidation in the future, it is felt that two or more should be remodeled each year and brought to a modern and efficient condition. Therefore, it is hoped that a new house may be built and two houses be remodeled as Federal projects this next year.

The increases sought by the Board of Health are principally for funds with which to continue the operation of the City Hospital, in the face of the continued increase in the use of the hospital by the poor sick of the community and also in the face of considerable increases in costs of food and medical supplies. The full levy of twelve cents permitted by law to the Board of Health has been recommended in the hope that some small balance will be available for application to the maintenance of the Flower Mission Unit to be completed next year in connection with the City Hospital for the housing of hopeless tubercular cases.

In view of the present depleted condition of the Firemen's and Policemen's Pension Funds, it has been felt absolutely necessary to comply with the mandate of the statute and levy the full amount for these funds, particularly since an adequate retirement and pension fund is the foundation of any merit system.

Some increase has been asked in the funds to be available for the city market, and I feel that the great success this administration has had in improving the market and condition therein already warrant this increase.

The only increase in the Park Department budget is the sum of \$35,000.00 for the purchase of ground for use as a West Side park.

In view of these increasing needs, and in view of the appreciable decrease in revenues anticipated by the city, we have applied \$405,000.00 in balances on next year's budget as contrasted with \$293,683.00 applied from balances on this year's budget. However, we are left with the problem of the great addition in bonds maturing next year, which would make impossible the maintenance of the city tax rate at a figure approximating the rate for this year, and I am therefore recommending to you that two issues of term bonds maturing next year, one being City Hospital Improvement Bonds in the amount of \$100,000.00 maturing January 1, 1936, and the other City Hall Bonds in the amount of \$300,000.00 maturing July 1, 1936, be refunded with serial sinking fund bonds to conform to better business principles. In this way we can maintain the city tax rate for the next year at a figure approximately the present tax rate of \$1.15.

I hope that you will appreciate the fact that the members of the various boards and heads of departments have cooperated to the limit, and that we all have shown our good faith by reason of the fact that no increases in salaries appear in the various budgets except where there have been consolidation of jobs, and new duties have been thrown on other officials. This in spite of the fact that a great many city employees and officials are, according to any standards, inadequately paid. We shall all be most happy to cooperate with you and give you any further information which you may desire.

Respectfully yours,

JOHN W. KERN,
Mayor.

To the Honorable President and
Members of the Common Council
of the City of Indianapolis.

Gentlemen:

Attached please find copies of General Ordinance No. 65, 1935, transferring moneys from certain funds and reappropriating and reallocating the same to other designated funds.

I respectfully recommend the passage of this ordinance.

Yours very truly,

WALTER C. BOETCHER,
City Controller.

August 19, 1935.

Mr. Walter C. Boetcher,
City Controller,
Indianapolis, Indiana.

Dear Sir:

I am handing you herewith sixteen copies of General Ordinance No. 65, 1935, which provides for the transfer of \$950.00 from Fund 53 in the Department of Law, reappropriating and reallocating said amount as follows:

\$500.00 to Fund 13—Other Compensation
\$350.00 to Fund 24—Printing and Advertising
\$100.00 to Fund 26—Other Contractual

The emergencies requiring the transfer of said sum in the manner indicated above are as follows:

In our budget for 1935 the sum of \$800 was appropriated to Fund 13. Our experience over a number of years shows that heretofore this amount has been sufficient. This fund is used in the Department of Law for paying expenses, such as local counsel, expert witness fees, etc., in connection with the trial of damage suits in adjoining counties. It appears that this year the expense to date incident to the trial of cases in adjoining counties has amounted to \$732.00, leaving the balance in this fund \$68.00. We have a number of important cases pending in adjoining counties, and after the courts reconvene in September many of these will be tried between then and the first of January, 1936. The sum of \$68.00 will not be sufficient to cover the expense incident to the proper trial of these cases.

In our budget for 1935 the sum of \$400 was appropriated to Fund 24—Printing and Advertising. Our experience in past years convinced us when this appropriation was made a year ago that this amount was sufficient to take care of the needs for 1935. This fund is used for the purpose of paying the cost of miscellaneous printing and the printing of briefs filed in the higher courts. Feeling that the amount appropriated would be more than sufficient to take care of our needs, during the year we transferred from this fund \$250 as follows: to Fund 55—Subscriptions and Dues—the sum of \$50.00, and to Fund 72—Equipment—the sum of \$200. The time to file briefs in certain cases pending in the Supreme and Appellate courts will expire this fall. One of these cases involves a judgement in excess of \$25,000 rendered against the city. In another case now pending in the trial court it will be necessary to take an appeal from a judgment which amounts to a money loss to the city of \$90,000. We ask that this transfer of \$350 be made so that the interests of the city may be protected by the filing of proper briefs in cases in the higher courts.

In our 1935 budget the sum of \$150 was appropriated to Fund 26—Other Contractual. This fund is used to pay expenses of witnesses in cases against the city which are tried in adjoining counties on changes of venue. It is also used to pay the cost of transcripts

of records to be filed in appeals. Due to the increase in the number of changes of venue that have been taken to adjoining counties in cases against the city, these costs necessarily have been increased. So far this year we have overdrawn this account \$25.00. We are hopeful that \$75.00 will be sufficient to take care of expenses of this kind for the balance of the year 1935. It is absolutely imperative, if the interests of the city are to be protected, that the statutory witness fees and mileage be available in all cases tried outside of Marion County, and it is equally imperative that when judgments are rendered against the city, these funds be available to promptly protect the interests of the city by appealing to the higher courts. The statutes require the payment of these transcript fees to the clerk of the court.

In view of the facts above set forth, we are of the opinion that they constitute extraordinary emergencies requiring the transfer of the funds requested, and we respectfully ask that you recommend to the Common Council the passage of this ordinance.

Enclosed are two additional copies of this letter, to be certified to the State Board of Tax Commissioners in the event that the Common Council passes this ordinance.

Very truly yours,

JAMES E. DEERY,
Corporation Counsel.

Mr. Walter C. Boetcher,
City Controller.

Dear Sir:

The Board of Public Works and Sanitation respectfully request that you cause to be prepared an ordinance transferring the sum of \$7,000.00 from Sanitation Department, Sewage Plant account VI-44, materials, into Sanitation Department, Collection Division, account II-72, equipment.

Members of the Common Council
of the City of Indianapolis.

Gentlemen:

Attached please find copies of General Ordinance No. 67, 1935, establishing the annual budget of the Municipal Airport of the City of Indianapolis, Indiana, for the fiscal year beginning January 1, 1936, and ending December 31, 1936, and appropriating from the anticipated unappropriated and unexpended balance of said Municipal Airport for the year 1935 and from all anticipated miscellaneous receipts thereof for the year 1936, moneys for the purpose of defraying all expenses and outstanding claims and obligations thereof.

I respectfully recommend the passage of this ordinance.

Yours very truly,

WALTER C. BOETCHER,
City Controller.

August 19, 1935.

Honorable John W. Kern, Mayor, and
Members of the Common Council of the
City of Indianapolis, Indiana.

Gentlemen:

Pursuant to Section 10,306, Burns Revised Statutes of 1926, there are submitted herewith and recommended the budget estimates for the year 1936.

An estimated valuation of \$504,595,330.00 has been used in computing the levies of all funds excepting the Sanitation Maintenance and Sanitation Bond Funds under the supervision of the Board of Public Works and Sanitation. In these two funds a valuation of \$506,090,920.00 has been used because the Sanitary District includes Woodruff Place which estimated valuation is \$1,495,590.00. No rate percent has been used in the calculation for estimated delinquencies.

No budget is recommended for the Utility District since said district has acquired the Citizens Gas Company and the said district will be maintained from revenues of the said Gas Company.

Revenues and anticipated balances should meet the expenditures of the Municipal Airport, therefore, I am not recommending an Airport budget.

Respectfully submitted,

WALTER C. BOETCHER,
City Controller.

Mayor John W. Kern addressed the Council relative to the proposed budget for 1936.

Mr. Cable asked for a recess. The motion was seconded by Mr. Schumacher and the Council recessed at 8:00 p. m.

The Council reconvened at 8:35 p. m., with the same members present as before.

AN ORDINANCE to promote public health by providing for the inspection and regulation of the barbering business in the City of Indianapolis; Prescribing regulations for the conduct of barbering shops, schools and colleges; and providing penalties.

BE IT ORDAINED BY THE COMMON COUNCIL OF THE
CITY OF INDIANAPOLIS, INDIANA:

Section 1. That for the purposes of this ordinance a barber shop, barber school, barber college, or the business of barbering shall be construed to mean, any place or establishment where any one or any combination of the following practices, when performed upon the head, face and neck for cosmetic purposes and done for the public generally for pay, either directly or indirectly, are engaged in:

Shaving or trimming the beard.

Giving facial and scalp massage or application of oils, creams, lotions or other preparations, either by hand or mechanical appliances.

Singeing, shampooing or dyeing the hair or applying hair tonic.

Applying cosmetic preparations, antiseptics, powders, oils, clays or lotions to scalp, face or neck.

Provided, however, that such practices when done for the treatment of physical or mental ailments or disease shall not constitute barbering.

Section 2. From and after the date of the passage of this ordinance, its approval by the Mayor and its publication according to law, all barber shops, barber schools, and barber colleges within the limits of the City of Indianapolis shall be open for and subject to inspection at all times during business hours by any inspector of the Department of Public Health.

Section 3. It shall be unlawful for any person, firm or corporation to own, operate or manage any barber shop, barber school, barber college, or barbering business within the City of Indianapolis:—

3. Wherein is employed any person as an apprentice, or any person permitted to practice as an apprentice in such place of business unless such person has a certificate of registration as a registered apprentice as provided by law.
4. Unless the room or rooms in which such business is conducted shall be well lighted, well ventilated, and kept in a clean, orderly and sanitary condition.
5. 6. As a school or college wherein the practice of barbering as herein before defined, is engaged in or carried on unless all entrances to the place wherein the practice of barbering is so engaged in or carried on shall display a sign indicating that the work therein is done by students exclusively.

August 29, 1935.

To the Honorable President and
Members of the Common Council of the
City of Indianapolis, Indiana.

Gentlemen:

You are familiar with the great desirability of carrying forward the track elevation program of Indianapolis, particularly at this time when the city's expense incident thereto may be reduced by having track elevation made a federal relief project.

Recently the track elevation project filed by the city with the Public Works Administration was denied; and it has been filed as a project with the Works Progress Administration of which Mr. Wayne Coy is Regional Director. Many conferences have been held with Mr. Coy incident to this project throughout the past eight months, and he today informed the City Civil Engineer and myself that if the City of Indianapolis would contribute \$200,000 to help defray the cost of materials, and if a substantial contribution for the same purpose is made by the Indianapolis Union Railway and the Pennsylvania Railroad, both affected by this project, he would recommend its approval to Washington.

The total estimated cost of the project is \$3,058,000, and when completed will be an important and permanent civic improvement.

If it were constructed under the track elevation laws, the cost to the city would be \$1,039,720.00. It would therefore seem to be sound economy to attempt this phase of the track elevation program at this time with the help of the Works Progress Administration and thus secure an improvement of this importance at a saving to the city of \$839,720.00.

I am therefore respectfully recommending to you that the budget of the City of Indianapolis for the year 1936, recently submitted by me to you, be amended to include an appropriation of \$150,000 to the track elevation fund, which will, together with the \$51,000 now available in that fund, amount to \$201,000, to be used as the city's contribution on this project.

It is to be understood that if this project is for any reason disapproved or impossible of accomplishment, the proper city officials will themselves appear before the State Tax Board and request that this item be deleted from the 1936 budget. In other words, your increase of the budget, if you see fit to do so, will be conditional upon the approval of this project by the Works Progress Administration.

Respectfully yours,

JOHN W. KERN,
Mayor.

Mr. Raub, President of the Council, spoke briefly and expressed the appreciation of the Council for the cooperation they had received from the Chamber of Commerce and others. He invited anyone present, who desired, to ask questions about the budget or any item thereof. He also stated that all meetings, while the budget was under consideration, had been open to the public.

Mrs. Dowd asked for a recess. The motion was seconded by Mr. Kealing and the Council recessed at 7:40 p. m.

The Council reconvened from its recess at 9:15 p. m. with all members present. Mr. Fritz having entered as the Council went into recess.

At this point Mr. Raub again asked if there was anyone present who desired to ask questions about the budget. There being no response Mr. Carr called on Mr. Virgil Shepherd, governmental research bureau director of the Indianapolis Chamber of Commerce, who responded and commended the Council for their conscientious work in connection with the budget.

By Councilman Oren:

RESOLUTION NO. 4, 1935

A RESOLUTION, recommending that funds for the acquisition of Land for a West Side Park be raised by a bond issue.

WHEREAS, the members of the Common Council of the City of Indianapolis are unanimously of the opinion that land should be acquired for the establishment of a west side park in the City of Indianapolis, and,

WHEREAS, the members of the Common Council of said city feel that such a park would be a permanent improvement to the City of Indianapolis, of lasting and future benefit to all the present citizens of said city, and those in coming years as well, and,

WHEREAS, the members of the Common Council feel that for this reason it would be for the best public interest that funds for the establishment of such west side park should more equitably be raised over a period of years instead of raising all such funds at the present time,

NOW, THEREFORE,

BE IT RESOLVED BY THE MEMBERS OF THE COMMON COUNCIL OF THE CITY OF INDIANAPOLIS, INDIANA:

Section 1. We, the members of the Common Council of the City of Indianapolis, Indiana do hereby recommend to the Honorable Members of the Park Board of said City of Indianapolis, that a sum of not more than Thirty-five Thousand (\$35,000.00) Dollars be raised by a bond issue, and that the funds derived therefrom be used to acquire land for the establishment of a new west side park in the City of Indianapolis.

OTHER COMMUNICATIONS

September 5, 1935.

Edward B. Raub, Esq.,
President, Indianapolis City Council,
Indianapolis, Indiana.

Dear Mr. Raub:

I want to avail myself of this opportunity of commending the work of the Indianapolis City Council in reviewing and amending the civil city budget of 1936. The careful study which they gave to it is an example of extraordinary and conscientious devotion to public interests. The budget as submitted to them seemed to allow little opportunity for safe reduction, but the thorough analysis of it by members of the council, who met night after night for consideration of it, calling in departmental heads and insisting that they explain the reasons not only for proposed increases but for all items, indicated great care in their efforts to serve the interests of taxpayers. The reduction of three cents in the levy for governmental operations is a very substantial saving, in view of the confidence of officials that they had reduced budget proposals to the minimum for safety. The fact that the budget as adopted by the Council now permits an adequate appropriation for track elevation, is of great importance to the City of Indianapolis, where more track elevation is so essential and can be at this time obtained advantageously with federal aid.

Personally, and as chairman of the Civic Affairs Committee of the Indianapolis Chamber of Commerce, I want you to know that your work on the budget is profoundly appreciated. I feel that the service you have rendered to the public deserves hearty commendation.

Cordially yours,

WILLIAM FORTUNE.

September 6, 1935.

Mr. Edward B. Raub, President,
Common Council of Indianapolis.

Dear Mr. Raub:

The work of the Indianapolis city council in reviewing the 1936 budget was, to my mind, extremely well done. The council's close study of all the items for current expenditures has resulted in a reduction of three cents in the operating tax rate, which is a very substantial cut.

No council in recent years has given so much attention to the detailed requests as your honorable body. By and large, I think the people of Indianapolis appreciate your efforts.

Yours very sincerely,

LOUIS J. BORINSTEIN.

Mr. Cable asked for a recess. The motion was seconded by Mr. Carr and the Council recessed at 8:00 p. m.

The Council reconvened at 8:30 p. m., with the same members present as before.

GENERAL ORDINANCE NO. 82, 1935

AN ORDINANCE concerning acquisition by the City of Indianapolis of the plant and property of Citizens Gas Company of Indianapolis, Indiana, and matters connected therewith.

WHEREAS, on August 25, 1905, the City of Indianapolis by and through its Board of Public Works entered into a certain franchise contract with Alfred F. Potts, Frank D. Stalnaker and Lorenz Schmidt granting to said parties and their assigns the right, for the term and period of twenty-five years, to use the streets and public places of said city for the distribution and sale of gas to said city and its inhabitants, which contract was on said day ratified, approved and confirmed by the Common Council of said city in General Ordinance No. 72, 1905, and went in force on August 30, 1905, on approval of said ordinance by the Mayor; and

WHEREAS, said franchise contract provided that the grantees thereunder, before exercising any of the rights therein conferred, should organize a corporation to which said franchise contract would be assigned and the Articles of Incorporation of which must among other things provide that the entire capital stock of the corporation would be placed under the control of a board of five trustees, that said trustees should issue to each subscriber to such capital stock a certificate showing the amount of stock held by said trustees in trust for him, and that when said certificate holders have received, by dividends or otherwise, an amount equal to the face value of their certificates, with interest thereon at ten per cent per annum,

“then said certificates issued to said subscribers shall be deemed fully paid and cancelled and it shall be the duty of the Trustees and directors of said Company to convey said gas plant and property belonging to said company to said City to be owned and operated or leased by it * * * *”

and

WHEREAS, said franchise contract in Section 22 thereof further provided:

“If the plant and system of mains of said company shall not have become the property of said city by the cancellation of the certificates of subscribers and conveyance of such property to such city by the board of directors and trustees of said company on

or before the expiration of the aforesaid period of said franchise, then said city, by and through its board of public works upon the expiration of said franchise period, shall have the right to pay any balance remaining due said certificate holders and the plant and property of said company shall be conveyed to said city as above provided to be owned and operated, or owned and leased by it;
* * * *"

and

WHEREAS, pursuant to said franchise contract the Citizens Gas Company was organized on May 23, 1906, under Articles of Incorporation containing all provisions required by said franchise contract to be embodied therein; and on May 24, 1906, said franchise contract was assigned to and accepted by said Company, and said Company thereupon entered upon the sale of its capital stock and the issuance of trustees' certificates to the subscribers therefor, and proceeded to acquire plant and property suitable for, and to engage in the business of, furnishing gas to the City of Indianapolis and the inhabitants thereof; and

WHEREAS, thereafter said Citizens Gas Company amended its Articles of Incorporation so as to increase its common capital stock, such additional common stock being subject to the same terms as to payment and cancellation as the common stock provided for in said original Articles; and thereafter said Company further amended its Articles of Incorporation so as to provide for the issuance of preferred stock, which preferred stock was made subject to retirement at the time of payment and cancellation of the certificates representing the common stock of said Company; and

WHEREAS, thereafter in suits brought by certain holders of such trustees' certificates seeking to enjoin the City from asserting any right to acquire the plant and property of Citizens Gas Company under or by virtue of the provisions in said franchise, it was held and adjudged by the United States District Court for the Southern District of Indiana that said plant and property was impressed with a public charitable trust for the benefit of the inhabitants of said city, and that said city was entitled to acquire said property in trust in the manner

provided for in said franchise contract, such right being subject only to a charge in favor of the owners of said trustees' certificates and of said preferred stock, which judgment was affirmed by the United States Circuit Court of Appeals and a petition for certiorari to the United States Supreme Court was denied; and

WHEREAS, on August 30, 1930, that being the date of the expiration of the term and period of said franchise, the outstanding preferred stock of the Citizens Gas Company had not been retired and the holders of the certificates representing the common stock had not received by dividends or otherwise upon said certificates an amount equal to the face value thereof with interest at ten per cent (10%) per annum, and said certificates of common and preferred stock had not been fully paid and cancelled, and the plant and property of said Company had not been conveyed to the City by the Board of Directors and Board of Trustees of said Company; and

WHEREAS, on June 29, 1935, the City, by and through the Board of Directors for Utilities of the Department of Public Utilities of said city advanced and paid to said Citizens Gas Company the sum of \$3,500,000, in trust for the purpose of redeeming and retiring all outstanding preferred stock of said Company and of paying and cancelling the certificates representing all outstanding common stock of the Company as provided in said franchise contract and the amended Articles of Incorporation of said Company, such sum so advanced and paid being sufficient for said purpose, which said fund was provided from the sale by said Board of Directors for Utilities of revenue bonds payable solely and exclusively out of revenues to be derived from the operation of said gas plant and property when acquired by said city, all as authorized by Chapters 77 and 78 of the Acts of 1929, Chapter 67 of the Acts of 1931, and Chapter 125 of the Acts of 1933 as amended by Chapter 311 of the Acts of 1935, of the General Assembly of the State of Indiana; and

WHEREAS, thereafter on September 9, 1935, the plant and property of said Citizens Gas Company, as referred to in and contemplated by said franchise contract of 1905, was, by instruments of conveyance and assignment duly executed by the proper officers of said Company on authority of resolutions adopted by the Board of Directors and Board of Trustees of

said Company, conveyed, assigned, transferred and delivered to the City of Indianapolis, subject to such of the legal obligations of said Company as the City of Indianapolis, under the terms of said franchise contract and of said public charitable trust, was bound to accept or recognize as a charge against such plant and property, (the City of Indianapolis expressly rejecting a tendered assignment of a lease between the Indianapolis Gas Company and said Citizens Gas Company, and refusing to recognize said lease as an obligation binding upon the City) which said instruments of conveyance and assignment were on said date of execution and delivery duly recorded in the office of the Recorder of Marion County, Indiana, in Deed Record 937 and Miscellaneous Record 265, respectively; and

WHEREAS, prior to such conveyance, assignment, transfer and delivery of said plant and property of Citizens Gas Company to the City of Indianapolis, all notices to and demands upon Citizens Gas Company, its directors and trustees, and all other steps, conditions and things necessary or required by said franchise contract, by said public charitable trust or by the statutes of Indiana, to be done precedent to or in connection with the taking over of such plant and property, were, as this Common Council does now find, determine and declare, duly and fully given, made, done, performed and executed for and in behalf of the City of Indianapolis by the Board of Public Works, the Board of Directors for Utilities and other proper officials of said city; and

WHEREAS, the acquisition of said plant and property of the Citizens Gas Company, as contemplated in said franchise contract of 1905 and pursuant to the public charitable trust existing therein, is and will be to the advantage, benefit and welfare of the City of Indianapolis and its inhabitants and the consumers of gas therein;

NOW, THEREFORE,

October 29, 1935.

Walter C. Boetcher,
City Controller,
City of Indianapolis.

Dear Sir:

For the past two months or more Chief Morrissey has had on trial some dictating machines, etc., to determine whether or not sufficient time could be saved to justify the expense of purchasing such equipment. Chief Morrissey has this date advised the Board of Safety that, in his opinion, much time can be saved and more efficient service rendered the public by the use of such machines in that the detectives do not have to wait to dictate to a stenographer.

In this connection, Chief Morrissey has recommended the purchase of 3 dictating machines, 2 transcribing machines and 1 shaving machine at a total cost of \$1,049.40, which will necessitate the transfer of sufficient money for this purpose.

Therefore, we ask that you cause to be prepared an ordinance transferring Five Hundred (\$500.00) Dollars from the Police De-

partment budget, Item No. 1—Fund No. 11—Salaries and Wages, Regular—Patrolmen First Grade, and reappropriate this amount to Police Department budget, Item No. 7—Fund No. 72—Equipment.

Respectfully submitted,

BOARD OF PUBLIC SAFETY,

President.

Dear Mr. O'Neill:

Please find enclosed copy of resolution passed by the Central Labor Union of Indianapolis, which I think should be read at the next meeting of the Council.

Very truly yours,

EDWARD B. RAUB.

Indianapolis, Indiana,
October 30, 1935.

Dear Sir:

Enclosed find a copy of a resolution passed by the Central Labor Union of Indianapolis at the last meeting held October 28.

RESOLUTION

WHEREAS: In accordance with suggestions and instructions of the Coordinator of Railroads, Hon. Joseph B. Eastman, a survey is now being made by employees of the office of the Coordinator and railroad officials of railroads entering and doing business in Indianapolis for the purpose of consolidating and jointly

operating the terminal facilities and other properties of said railroads, and

WHEREAS: The proposed consolidation of the railroad terminal facilities in Indianapolis would eventually retire a large portion of the present facilities, with resultant delay to freight shipments moving in and out and through Indianapolis and seriously multiply unemployment in the Indianapolis district, and

WHEREAS: Hundreds of faithful railroad employes in the Indianapolis area, who have devoted many years of their lives to railroad service, will be thrown out of employment, lose their homes and be forced on charity or governmental relief, entirely contrary to the government policy of decreasing unemployment, and

WHEREAS: The resulting decrease in wages of railroad employes will deprive farmers, merchants and other business interests throughout the Indianapolis area and the State of Indiana of many hundreds of thousands of dollars annually, and

WHEREAS: The elimination of railroad terminal facilities will seriously interfere with the expeditious movement of freight to and from the local industries, and

WHEREAS: The Indianapolis area, especially the industrial district, suffered heavily from the recent economic depression and realizing that such proposed terminal consolidation with the resultant loss of employment and elimination of part of the terminal facilities will materially affect the property income and values as well as the revenues of the city, county and state, Now, Therefore, be it

RESOLVED: That the Indianapolis Central Labor Union, representing 101 Local Unions and a membership of approximately 30,000, many of whom are railroad employes, do hereby go on record as opposed to the elimination of railroad terminal facilities of the Indianapolis area and do hereby urge the Indiana United States Senators, and Congressmen, the Governor of Indiana, the Mayor of Indianapolis and the City Councilmen of Indianapolis, to use their influence with the Coordinator of Railroads and the President of the United States, to prevent

any and all consolidations of railroad terminal facilities in Indianapolis; and be it further

RESOLVED: That copies of this Resolution be forwarded to Hon. Franklin D. Roosevelt, President of the United States, Hon. Frances Perkins, Secretary of Labor, Hon. Joseph B. Eastman, Coordinator of Railroads, Hon. Frederick Van Nuys and Hon. Sherman Minton, United States Senators, Governor Paul V. McNutt, Hon. John W. Kern, Mayor of Indianapolis, and the Indianapolis Councilmen, Hon. Wm. H. Larrabee, 11th District Congressman, Hon. Section 4. Every person, persons, firm, company, association, partnership, or corporation issued licenses under this ordinance shall be entitled to have a renewal licenses issued for each taxicab licensed under this ordinance, provided an application for such annual renewal license is filed with the City Controller within ten (10) days after the date of the expiration of any such license, and provided that such applicant otherwise qualifies for such license by complying with all the provisions of this ordinance required as conditions precedent to the issuance of licenses. Until such time as the total number of duly licensed taxicabs operating in the City of Indianapolis is equal to, or less than, one (1) taxicab for each fifteen hundred (1500) of population of said city, as shown by the last preceding United States census, no taxicab license shall be transferred. When the total number of duly licensed taxicabs operating in said city is equal to, or less than one (1) taxicab for each fifteen hundred (1500) of population of said city, all such duly issued licenses may be transferred, upon application, by the City Controller, upon payment of a transfer fee of Two Dollars (\$2.00) for each transfer. Any such licensee may, however, transfer such license from one cab to another of which such licensee is the owner, provided that the first cab be permanently retired from service, upon application to the City Controller and payment of transfer fee of Two Dollars (\$2.00). No applications for new licenses not transfers or renewals under the provisions of this section shall be received in advance of such time as there may be less than one (1) taxicab for each fifteen hundred (1500) of population, but such applications shall be received only when such condition arises.

Section 5. No license for the operation of a taxicab, or taxicabs, under the provisions of this ordinance shall be issued to any person or persons, firm, company, association or corporation unless such person or persons, firm, company, association or corporation shall be the bona fide owner of such taxicab, such ownership to be evidenced by the certificate of title issued by the State of Indiana.

Section 6. All applications for a license to operate a taxicab, or taxicabs, or for a renewal of any license, shall be in writing, and shall be filed in duplicate with the City Controller on forms prepared by such City Controller, and shall in substance set forth the following information: (1) the name of applicant; if a partnership, the firm name and the name and address of the partners; if a corporation, the name and address of each officer thereof; (2) business address of applicant; (3) the number of taxicabs desired to be licensed; (4) the seating capacity, name of manufacturer, horse power, motor number and state license number of each taxicab; (5) a statement of the general color scheme to be used by applicant; (6) the name, fictitious or otherwise, under which the applicant intends to operate, and such other information as may be deemed necessary for proper supervision and the public good.

Section 7. ISSUANCE OF LICENSE. Whenever such licensee shall file such application with the City Controller of the City of Indianapolis and, if it appears from the information obtained, that the applicant is a reliable and bona fide owner and has met all the requirements of this ordinance that the name under which he is to operate and the color scheme used on the vehicles does not conflict with others or tend to deceive the public, the City Controller shall thereupon issue a license certificate to such applicant to operate such taxicab, or taxicabs, on the streets of the City of Indianapolis, subject to the provisions of this ordinance and to all amendments thereto upon the payment of a license fee of Thirty-six Dollars (\$36.00) per year, for each taxicab to be operated under the terms and conditions of such license, and upon the filing of a liability contract of insurance providing for indemnification, as hereinafter provided in Section 15 hereof, and upon the production of a satisfactory report of inspection from the inspector of weights and measures and the officer in charge of the traffic division of the police department of the City of Indianapolis, as is provided for in Section 12 of this ordinance. All licenses shall expire on June 30 of each year. Each license certificate shall be numbered, which number shall also be the taxicab number and must be placed on each vehicle operating as a taxicab in this city, as is provided for in Section 8 of this ordinance. The City Controller is hereby empowered to make such pro rata adjustments and credit allowances on license fees already paid and licenses due but unpaid for the years 1935 and 1936 as are necessary by virtue of the change of the expiration date and license amount herein.

Section 8. Every vehicle licensed under the provisions of this

ordinance shall bear the name of the licensee thereof plainly printed in letters at least two (2) inches in height on each side of said vehicle. Each such vehicle shall likewise have the number of the taxicab assigned by the City Controller in letters at least four (4) inches in height on each side of said vehicle, and likewise on the rear of such vehicle immediately above or below the rear window of said vehicle. No name or taxicab number other than that assigned by the City Controller shall appear on any taxicab or vehicle operating under the provisions of this ordinance, nor shall any vehicle licensed under this ordinance operate in the city without the current license certificate affixed in a prominent place therein.

Section 9. REGISTER OF LICENSED VEHICLES. The City Controller shall keep a register of the name of each person owning or operating a vehicle licensed under this ordinance, together with the license number, description and make thereof. Such record shall be open to the inspection of the public at all reasonable times and shall be a public record.

Section 10. TAXICAB STANDS. (a) The Board of Public Safety, subject to the approval of the Common Council, by an ordinance duly passed, is hereby authorized to locate, designate, and establish all taxicab stands and call boxes within the City of Indianapolis, and shall fix the number of taxicabs that shall be allowed to stand at any public taxicab stand so authorized. All taxicab stands now lawfully established by previous ordinances of this city are hereby constituted as taxicab stands under this ordinance.

(b) No taxicab stand shall be established which is within twenty-five (25) feet of a street intersection, and no stand shall be established which shall conflict with any safety zone or bus line zone heretofore established, or at any place where parking is prohibited, or may hereafter be prohibited.

(c) No call boxes or other communication device shall be affixed to any property of the City of Indianapolis, or to any pole or fixture of any public utility near any established taxicab stand, but must be affixed only to private property with the consent of the owner thereof.

(d) The Board of Public Safety shall have the right to refuse the location of any taxicab stand unless lavatory or waiting room or other sanitary requirements are first provided at the point proposed

for the location of such taxicab stand. The said Board of Public Safety may at any time recommend to the Common Council that any existing taxicab stand be abolished.

(e) It shall be unlawful for any taxicab or vehicle operating under the provisions of this ordinance to park or stop anywhere in said city except at such taxicab stands save for the discharge or admission of passengers to and from such taxicab, or unless such stop be in obedience to the traffic regulations and ordinances of this city.

Section 11. CRUISING AND SOLICITING. No driver of a taxicab, for the obvious purpose of searching for or soliciting patronage, shall cruise, drive or operate over, along and upon any street or streets of this city upon which street cars of either the track or trackless trolley type, or buses engaged in an established intra-city common carrier passenger service, are being operated, or ask or request persons to take passage in such taxicab when waiting to take passage on a street car of either the track or trackless trolley type, or bus, at an established loading point for such street car or bus; nor shall any driver of a taxicab seek employment by repeatedly and persistently driving his taxicab to and fro in a short space, or by otherwise interfering with the proper and orderly access to or egress from any theater, hall, hotel, public resort, railway station, or other place of public gathering; but any driver may solicit employment, except as hereinbefore expressly prohibited, by driving through any public street or place without stops, other than those due to obstruction of traffic, and at such speed as not to interfere with or impede traffic, and may pass and repass before any theater, hall, hotel, public resort, railway station, or other place of public gathering; provided, that after passing such public place he shall not turn and repass until he shall have gone a distance of two (2) blocks upon the streets and highways of the city, and no person shall solicit passengers for a taxicab except the driver thereof when sitting upon the driver's seat of his vehicle. No person shall be allowed to ride in the compartment occupied by the driver.

Section 12. In order to promote honest and accurate charges and fares for taxicab service reckoned by meters and timing devices, and in order to prevent immoderate or careless riding or driving upon the streets of Indianapolis, and in order to designate the kind and number of conveyances and vehicles that may or may not be used on streets of the city, and to prohibit dangerous vehicles from such streets, and to promote the general public safety, it is hereby

made the duty of the Inspector of Weights and Measures, and the officer in charge of the traffic division of the police department of the City of Indianapolis to inspect monthly each taxicab: (1) as to the condition of wheel alignment, steering gear, brakes, windshield wiper, rear vision mirror, lights, and other mechanical parts necessary to be in good operating condition in order to insure safety in operation and control of all such taxicabs; (2) as to the condition and accuracy of the taximeter of each taxicab operating in the City of Indianapolis.

(a) During the last week of each calendar month of every year hereafter, or at any other time, at a time and place to be specified by them, the inspector of weights and measures of the City of Indianapolis and the officers in charge of the traffic division of the Indianapolis police department, either personally or through their subordinates or deputies, shall inspect the wheel alignment and steering gear, brakes, rear vision mirror, lights and windshield wiper, and other safety factors of each taxicab operating in this city. They shall adopt such rules and regulations for such inspection, or provide such mechanical devices as to determine the following minimum standards for taxicab operation in the City of Indianapolis:

I.

STEERING GEAR AND WHEEL ALIGNMENT. No motor vehicle licensed under this ordinance shall be driven upon the streets of the city when the "play" in the steering wheel is in excess of three inches (3"). The steering arms, tie rod and drag link or other mechanism by which the vehicle is steered, and the associated parts, must be free from excessive "play" or wear. The "tow in" and "tow out" shall not vary more than one-quarter inch ($\frac{1}{4}$ ") from the factory requirements. Rear wheels must be in good condition and in alignment so as to have not more than a ten foot (10') side slip per mile, and the center bolts must be secure in the rear springs.

II.

BRAKES. Every vehicle licensed and operating under and pursuant to the provisions of this ordinance shall be equipped with four (4) wheel brakes, which shall be sufficient to bring any such vehicle moving at a speed of twenty (20) miles per hour, to a dead stop within a distance of twenty-five feet (25') on a dry, hard, level stretch of street or highway. Each such vehicle shall likewise be equipped with a separate emergency means of applying the brakes

apart from the first, which shall be effective to brake at least two (2) wheels of such vehicle.

III.

REAR VISION MIRROR. No vehicle licensed under this ordinance shall be operated unless such vehicle be equipped with a mirror so located as to reflect to the driver a clear view of the highway two hundred feet (200') to the rear of such vehicle.

IV.

LIGHTS. Each such vehicle operated in this city shall be equipped with two (2) operating headlights, on opposite sides of the front of the vehicle, sufficient to provide illumination under normal atmospheric conditions to light and render discernible persons and objects one hundred feet (100') ahead without glare or dazzle to persons in front of such headlights. The lights shall be deemed faulty as to glare or dazzle when no part of the main bright portion of the headlight beam arises above a horizontal plane passed through the lamp center parallel with the street upon which the motor vehicle stands, or which beam rises no higher from said plane than forty-two inches (42") at a seventy-five foot (75') distance. Said vehicle shall likewise be equipped with a red tail light visible for a distance of two hundred feet (200') and a white ray from such light shall illuminate the rear state license plate of said vehicle.

V.

WINDSHIELD WIPERS. Every motor vehicle licensed under this ordinance shall likewise be equipped with a device which effectually cleans rain, snow and other moisture or matter from the windshield in such a manner as to permit the operator of such vehicle at all times to have a clear view ahead.

If they find, upon inspection, that any taxicab does not meet the minimum requirements and specifications for safety as established herein, such taxicab shall be prohibited from operating on said city streets until such safety requirements as are found wanting by the officer in charge of the traffic division of the police department and the inspector of weights and measures of the city are complied with.

(b) It shall be unlawful for any person, or persons, firm, company, association or corporation to own or operate any taxicab, or

vehicle licensed under this ordinance, unless such taxicab is equipped with a practical standard fare register device or taximeter, in good and workable condition, designed to mechanically measure the distance traveled, to record the time said vehicle is waiting, and upon which said record there shall be indicated by means of figures or designs the fare to be charged. The taximeter of each licensed taxicab shall be inspected by the officer in charge of the traffic division of the Indianapolis police department and by the inspector of weights and measures of the City of Indianapolis at the same time and place that the examination and inspection of mechanical operating parts shall occur as set out in subsection (a). If such taximeter be found correct and accurate, a seal shall be attached to such taximeter, and it shall be unlawful for any person, except such inspector of weights and measures, or his deputy, to remove said seal from said meter. In the event any such meter does not register correctly, the owner or person in charge of such taxicab, shall be directed to remove said meter from said taxicab, and the said taxicab shall not be operated on the streets of this city until a meter shall be placed in said taxicab which shall register correctly and accurately upon inspection.

(c) Upon approval of all operating parts and of the taximeter of such taxicab, the inspector of weights and measures, or his deputy, shall issue to the owner of such taxicab, or to the person in charge of the same, a report form, directed to the City Controller, setting out facts showing that such taxicab has successfully passed inspection, and stating thereon the state license number, city taxicab license number, engine number, the name or make of such taxicab, and specifying the name of the owner thereof, and directing the City Controller to issue an inspection certificate for such taxicab for the ensuing month. A recapitulation of all such taxicab inspections shall be furnished the City Controller before the first day of each month by the bureau of weights and measures of the City of Indianapolis. All forms required under this sub-section shall be prescribed by the City Controller.

(d) On or before the first day of each month, the owner of each taxicab operating in the City of Indianapolis shall, in person or by his duly authorized agent, present said form, showing report of approval of inspection to the City Controller, and shall cause the same to be accompanied, as provided for in Section 15 of this ordinance, by a fully paid-up liability insurance policy in some reputable insurance company, together with a receipt showing payment of premiums therefor in full, or, if said premiums be paid in installments, receipt must show a payment thirty (30) days in

advance of the issuance of the monthly certificate of inspection. No certificate of inspection shall be issued unless such insurance requirements are satisfied. Upon satisfactory showing of proper liability insurance coverage, the City Controller shall then issue to such taxicab owner an inspection certificate. Such certificate shall bear (a) the name of the owner of such taxicab; (b) the license number; (c) signature of City Controller; and said inspection certificate shall be in the form prescribed by the City Controller. Such certificate shall expire on the last day of each calendar month and shall be renewed at the end of each monthly period, upon monthly compliance with the provisions of this ordinance. The City Controller shall so vary the color of such certificate that the same shall not be exactly alike for any succeeding month. Said certificate shall be gummed, and shall be pasted in a clearly visible manner on the lower righthand side of the windshield of each taxicab, and such certificate shall not be transferable but shall be placed only upon the taxicab for which it was issued, and only the gummed surface of such certificate shall be used in affixing the same to the windshield. It shall be unlawful for any taxicab to operate on any street of the City of Indianapolis without a current inspection certificate attached thereon as in this section provided. Each taxicab, in order to be eligible for re-inspection, must have the inspection certificate for the previous month attached thereon. In the absence of such certificate, no inspection shall be made save on written order from the City Controller, after valid explanation is made to said City Controller, explaining the absence of such preceding certificate of inspection.

(e) ILLUMINATION OF TAXIMETER AFTER SUNDOWN.

After sundown the face of every taximeter shall be illuminated by a suitable light, so arranged as to throw a continuous, steady light thereon.

(f) CASE TO BE SEALED. No person shall use, or permit to be used, or driven for hire, a taxicab equipped with a taximeter the case of which is unsealed and not having its cover and gear intact.

(g) FALSE SIGNAL. No driver of a taxicab which is equipped with a taximeter or other similar device, while carrying passengers or under employment, shall display the signal affixed to such taximeter or other similar device in such position as to denote that he is employed at a rate of fare different from that to which he is entitled under the provisions of this ordinance.

(h) **UNAPPROVED TAXIMETER.** No person shall drive a taxicab for hire to which is attached a taximeter that has not been duly inspected and approved.

(i) **TAMPERING WITH METER.** No driver or operator of any taxicab shall permit any person to ride thereon or therein without the consent of the owner thereof, when the flag is up or toward a vertical position, and no person shall tamper with, break or mutilate any taximeter or seal of the bureau of weights and measures.

(j) It shall be unlawful for any person who is engaged in the business of operating a taxicab, or taxicabs, in this city to drive or to require or permit any employee who is the driver or operator of any such taxicab, to operate or drive such taxicab for more than eight consecutive hours, or for more than twelve (12) hours in the aggregate in any twenty-four (24) hour period; or to hire or to permit any person to operate any taxicab unless such person be continuously licensed as a chauffeur pursuant to the laws of the State of Indiana, and cause such person to wear at all times the metal chauffeur's badge issued by the State of Indiana, or permit any such driver to wear a uniform or cap similar to those worn by the members of the police or fire department of the City of Indianapolis, nor shall any taxicab operator wear such caps or uniforms.

Section 13. RATES OF FARE. No person, firm or corporation owning, operating or controlling any motor vehicle operated as a taxicab within the limits of the city shall charge to exceed a schedule of rates posted in each taxicab. Each licensee shall cause a schedule of rates charged for the use of such taxicab to be posted in a conspicuous place therein in plain view of a passenger seated in the rear seat thereof.

No person, firm or corporation operating or controlling any motor vehicle operating as a cab or taxicab within the limits of the City of Indianapolis shall charge any rates except in accordance with the following schedules. No charge for taxicab service shall be less than the following schedule: For the first two (2) miles or fraction thereof, 15c; for each additional two-thirds ($\frac{2}{3}$) mile or fraction thereof, 10c; for each three (3) minutes waiting time, 10c; rates by the hour, two dollars (\$2.00). No charge for taxicab service shall be greater than the following schedule: For the first mile or fraction thereof, twenty-five cents (25c); for each succeeding one-third ($\frac{1}{3}$) mile or fraction thereof, ten cents (10c); for each

additional person for whole journey, twenty cents (20c); for each three (3) minutes waiting time or fraction thereof, ten cents (10c); rates by the hour, \$2.50.

Waiting time shall include the time when the taxicab is not in motion, beginning with the arrival at the place to which it has been called, or the time consumed by standing at the direction of the passenger, but no charge shall be made for time lost for inefficiency of the taxicab or the operator, or time consumed by premature response to a call. If demanded by the passenger, the driver in charge of a taxicab shall deliver to the person paying for the hiring of the same at the time of such payment a receipt therefor in legible type or writing, containing the name of the owner, the city license number, the driver's name, the cab number, taximeter number, and any items for which a charge is made, the total amount paid, and the date of payment.

Section 14. RECORD OF CALLS. All taxicabs operated according to the provisions of this ordinance shall keep a daily record of all calls made and passengers transported, the time and place when and where the passenger was secured and the place where the passenger was taken, and the number and sex of passengers, which record shall be kept by the licensee at the place of business stated in such license, and shall be open to inspection of any police officer at all times.

Section 15. BOND OR INSURANCE. It shall hereafter be unlawful for any person, firm or corporation to operate or cause to be operated upon any public street within the City of Indianapolis, Indiana, a taxicab, as above defined, unless there shall first have been filed with the City Controller a liability contract of insurance in a solvent and responsible company, authorized to do business in the State of Indiana, which shall provide for the indemnification of such person, firm or corporation against loss or expense from claims for damages, as well as the payment of any final judgment that may be rendered by a court of competent jurisdiction, against any said person, firm or corporation on account of bodily injury or death, accidentally suffered or alleged to have been suffered by any person, or persons, other than employees of said person, firm or corporation, by reason of the ownership, maintenance or use of said taxicab as a commercial vehicle for the transportation of persons for hire in said city, in a sum not exceeding Five Thousand Dollars (\$5,000.00) for injury to or death of any one person, and to the extent of One Thousand Dollars (\$1,000.00) for the injury or destruction of prop-

erty; and subject to the same limit for each additional person injured or killed: Provided, however, That the total liability of said contract of insurance, for the loss on account of any one accident resulting in bodily injuries or death to more than one (1) person, shall not be less than Ten Thousand Dollars (\$10,000.00). Every licensee shall pay each judgment or award, arising out of damages to person or property, rendered against such licensee by any court of competent jurisdiction within sixty (60) days after such judgment or award becomes final and not appealable, and upon failure so to do, may be denied certificates of inspection by the City Controller.

Section 16. Any license issued under the provisions of this ordinance may be revoked by the Mayor in the manner provided by law.

✓ Section 17. Any person violating any of the provisions of this ordinance, for which no penalty is specifically provided, upon conviction shall be fined in any sum not exceeding One Hundred Dollars (\$100.00), to which may be added imprisonment not exceeding thirty (30) days.

Section 18. In the event any section, sub-section, paragraph, sentence, clause, phrase or word of this ordinance shall be declared to be unconstitutional, by any court of competent jurisdiction, such action shall not affect the validity of the remainder of this ordinance.

Section 19. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

Section 20. This ordinance shall be in full force and effect from and after its passage, approval by the Mayor and publication as by law required.

ORDINANCES ON SECOND READING

Mr. Wallace called for Resolution No. 5, 1935, for second reading. It was read a second time.

On motion of Mr. Wallace, seconded by Mr. Fritz, Resolution No. 5, 1935, was ordered engrossed, read a third time and placed upon its passage.

Resolution No. 5, 1935, was read a third time by the Clerk and passed by the following roll call vote:

Mr. Cable, Chairman of the Committee on Public Works, presented a written report of the investigation of the purchase of Traction Trailer power units, purchase authorized by General Ordinance No. 74, 1935. Mr. Cable made a motion to include the report in the record of the proceedings of the Council, the motion was seconded by Mrs. Dowd and passed by the viva voce vote of the Council.

November 4, 1935.

President Raub and Members of the Council:

Permit me to preface this report proper with a few explanatory observations. The institution of any investigation implies dissatisfaction, doubt, or question in somebody's mind. Therefore, I have assumed that my assignment to this task demanded that I gather data and information relative to the issue as will discover indirect influences on the issue wherever possible. On this basis, I submit my report to you in the form of data and information gathered, my own interpretation of those findings and the personally expressed opinions of Mr. Riley, Pres, Board of Works, and Mr. Schriener, chief mechanic at the Sanders Street Garage, and Mr. Losche, City Purchasing Agent.

The object of this investigation is the recent purchase by the Board of Public Works and Sanitation of two heavy duty trucks for tractor service at a net cost of \$9,665.36. The chief interest seems to center in the rejection of a similar piece of equipment by another well known manufacturer on a net bid of \$8,336.54, representing a difference of \$1,328.82. The summary rejection of the bids of nine other truck manufacturers does not classify their products as inferior or mediocre but merely recognizes their unsuitability to the peculiarly severe usage of hauling a train of heavily laden trailers. Furthermore, most of these are considered assembled products, while the two makes to which we shall confine our consideration are designed, coordinated, and built entirely in their own plants. In order that there be the least amount of advertising publicity in this record, we shall designate the manufacturer whose trucks were purchased as -A-; and its closest competitor as -B-.

Another question which engendered this investigation was why the successful bidder sold a truck to a Terre Haute firm for seven or several hundred dollars less than the City of Indianapolis is paying for its equipment.

Here follows a history of the procedure by the City of Indianapolis through its authorized agents. The Board of Public Works and The Purchasing Department:

STATEMENT OF FACTS

Paragraph One. The Sanitary District of Indianapolis found it necessary to replace three (3) pieces of old equipment that were unfit for further use and hopelessly exorbitant to repair; signed Requisition No. D13916 for tractors replacing the old equipment.

The Requisition was signed by D. G. Watkins, superintendent of the Municipal Garage and the four members of the Board, namely: Hubert S. Riley, Louis C. Brandt, Robert K. Eby, and Maurice E. Tennant.

Paragraph Two. In compliance therewith a legal ad was inserted in the Indianapolis Commercial, being advertised two (2) weeks consecutively, September 12 and September 19, 1935, calling for two (2) tractors and specifications as follows:

Two (2) six cylinder tractors with a gross trailer capacity of not less than 35,000 lbs. with the following requirements:

Horsepower 105 at 2200 R. P. M. 6-cylinder engine of not less than 425 cubic inches displacement. Electrically equipped with starter and 6 volt system. Brakes, Westinghouse air with area of not less than 600 square inches. Tires not less than 975 x 20, singles in front and dual tires in rear. Gas tank, 35 gallon capacity mounted under seat in cab or directly back of cab, and if mounted in rear, same to be enclosed. All-weather cab with windshield wiper and hot water heater. Front bumper and tow hooks on front end of frame. Governor to be attached so that speed can be regulated. Painted in City colors—hood, fenders and chassis black and cab tangerine. Vendor must have established service station in Indianapolis and new automobile guarantee for the first ninety days against defective parts and/or mechanical defects and furnish certificate of title before claim payment can be allowed.

To trade in as part of purchase price three (3) Sanitary tractors bearing our number ten (10) and eleven (11) which are Sterling tractors and our number thirteen (13) which is a G. M. C. tractor.

Paragraph Three. In accordance therewith, sealed bids were received and opened in the presence of all Four members of the Board of Works and Sanitation; and representatives of all the truck companies bidding were present and after the tabulation of bids was openly called out, the bids were placed on the table so that all bidders had the opportunity of inspecting and analyzing the bids submitted on Eleven (11) different models of tractor-trucks and the prices varying from \$6,150.00, being the lowest price submitted, and \$9,752.70 being the price of the highest price truck submitted.

Paragraph Four. Thereafter namely on October 14, 1935, all bidders were requested to display their trucks by lining them up in the Municipal Garage so that the members of the Board of Works and Sanitation could have an opportunity to make a comparison of the trucks submitted. Said Board of Works and Sanitation did then and there inspect the trucks giving serious consideration to the Two (2) trucks in question, namely the -A- and -B-.

Paragraph Five. Thereafter, on October 18, 1935, a letter was submitted to the Purchasing Department which read as follows:

October 18, 1935.

Mr. Albert H. Losche,
Purchasing Agent.

In Re: Purchase of Two truck
tractors for Sanitation Dept.

Dear Sir:

This is to advise that the Board of Public Works and Sanitation after having given considerable thought to the relative merit of the various trucks, upon which bids have been submitted, now decide to accept the bid of the Mack Company. In accordance therewith you are now requested to place this order for the earliest possible delivery.

Very truly yours,

BOARD OF PUBLIC WORKS AND SANITATION.

EFF:MK

By: ERNEST F. FRICK,
Secretary.

and in accordance therewith purchase order was issued to the Mack Truck Company for the purchase of two (2) Mack trucks at a net cost of Nine Thousand Six Hundred and Sixty-Five Dollars and Thirty-six Cents (\$9,665.36).

Before and during these negotiations appropriate action was taken by the Common Council of the City of Indianapolis.

In seeking to arrive at justification or condemnation of the judgment exercised by the Board of Public Works and The Department of Public Purchase, we should review first the data on auto-

motive equipment available to them, second, the records of service and maintenance of similar equipment within the City's experience; and third, extraneous influences such as the experience of private business which may have influenced their decision. Here follows comparative data on specifications taken from the July, 1935, issue of the Commercial Car Journal:

Make	A	B
Rated Capacity	4-6	3½-6
Chassis Weight	9400	9425
Engine Make	Own	Own
Engine Size	4¼x5½	4 ³ / ₁₆ x5¼
Piston Displacement	468 cu. in.	434 cu. in.
Torque ft. lb.....	310	285
Piston Material	Cast Iron	Aluminum
N. A. C. C.....	43.4	42.1
Number Main Bearings.....	7	7
Diameter	3"	2¾"
Horsepower R. P. M.	117 @ 2400	105 @ 2100
Transmission	Own	Own
Rear Axle	Own	Own
Front Axle	Own	Own
Carburetor	Stromberg	Zenith
Ignition	Bosch	Delco Remy
Clutch	Own	Own
Radiator	Own	Own
Brakes	West. Air	West. Air
Frame	9½x3x¼	8x3x¼
Springs—Front	53x3	42x3
Springs—Rear	54x3	56x3½
Type Drive	DR.	DR.

While these specifications in the main are closely paralleled, the following differences may be significant:

Make	A	B
Bore Stroke	4¼x5½	4 ³ / ₁₆ x5¼
Cu. In. Displacement	468	434
Torque	310	285
Main Bearing Diameter (Crankshaft)	3"	2¾"
Frame	9½x3x¼	8x3x¼
Springs—Front	53x3	42x3
Springs—Rear	54x3	56x3½
Ignition	Bosch	Delco Remy

One-sixteenth inch larger bore and $\frac{1}{4}$ " longer stroke gives to truck -A- a 468 cu. in. displacement as compared with 434 cu. in. displacement for truck -B-. Torque ft. lbs. represents propulsive force in the drive shaft. The figures are 310 and 285 for -A- and -B- respectively. The significance of crankshaft diameters is apparent. In the matter of spring suspension, truck -A- has 11 inches longer front spring, controlled by an hydraulic shock absorber, which should give increased protection to the most valuable component of unsprung weight which is the engine. Truck -B- has 2 inches longer and $\frac{1}{2}$ " wider rear springs. Certain items not apparent in these specifications but which may be pertinent in service anticipations are credited to equipment -A-. They follow: All gears are case-hardened; timing gears are case-hardened and generator ground: crank shaft is case-hardened; a larger heavier rear axle; all springs and the motor are mounted in live rubber; twenty-two inch tires instead of twenty inch tires are supplied. I trust these items give a fair picture of comparative data.

In regard to the piece of equipment sold to some firm in another city for seven or several hundred dollars less than the price paid by the City of Indianapolis, I can best satisfy that question by advising you that the very same truck sold as aforesaid is now across the street in the Municipal Garage alongside our two new trucks, all of which are for your examination. This third truck is a Model BM, not as well suited for our operation, and was sold for \$4383.97, and our price on this same model with our special equipment, namely, Air Brakes, special paint job, etc., is \$4354.00. While a similar piece of equipment, it is 1500 lbs. lighter; smaller frame; smaller tires; smaller rear axle; and smaller motor. It was sold to the customer without Westinghouse Air Brakes (the approximate installation cost of which is \$600.00); without cab heater, or special paint. The conventional automotive specifications are available here on this sheet; The foregoing represents all the information I have been able to gather relative to this particular phase of the investigation; except the fact that the Manufacturer, -A- was enabled to make the sale of equipment to private business in another city because that business firm refused to accept delivery on the identical chassis which manufacturer -B- purposed to deliver to the Board of Public Works and Sanitation if it had been the successful bidder.

A list of motorized equipment owned by the Board of Public Works and Sanitation includes 177 units of which 40 appear to be passenger cars. There are 17 trucks of -A- manufacture, ranging in age from 4 to 14 years, representing a total age of 168 years, or

an average age of 9.88 years. There are 2 trucks of -B- manufacture, one 7 years old, the other 5 years old. Neither of these last two are of the heavy duty type, nor have they been used for tractor service. Therefore, I conclude that the purchasers had no basis of experience as to the suitability of make -B- for their special needs at this time. From my queries of and discussions with the Board of Works, it is apparent that their first considerations were for adequacy of service under all conditions, longevity, and minimum maintenance costs over that long period. The dispassionate information given by Fred Schriner at the Sanders Street Garage has been of incalculable help. I venture to say that he has a more thorough knowledge of equipment than any man available to Municipal employment.

I wish to take this opportunity to express appreciation for the patience, courtesy and cooperation to Messrs. Riley, Tennant, Brandt, and Eby. If it is your pleasure, I prefer to continue this report by calling in turn on Mr. Riley, President of the Board of Public Works; Mr. Schriner, Mechanics Foreman; and Mr. Losche, Purchasing Agent, to express whatever opinions and thoughts they consider relevant, and subject to questioning by the Council.

Riley

Schriner

Losche

In Municipal Government.

Responsibility of Administration Units and of individuals is to render certain definite services. Whether their service is for hire or for the satisfaction of community service, their responsibility remains the same. The goal should be the highest grade service, over the longest period of time, at the most reasonable cost. Since the issue has been raised and their judgment questioned, I think it only fair that this body unqualifiedly condemn or congratulate all of the people concerned on the exercise of their judgment.

In view of all the foregoing information and data, my findings are, that the Board of Public Works and the Department of Public Purchase made their selection, (1) on the basis of the suitability of the equipment to the needs of the service; the anticipation of long life; and the expectancy of definite economy per ton-mile of work done, (2) On the basis of the service records and maintenance costs of similar equipment already in use in the Department of Public

Works and Sanitation, (3) and on the basis of their experience in their own businesses and that of other firms whose experience would certainly be eligible relevant information. It seems apparent that the purchase was unquestionably to the advantage of the tax-payers of the City of Indianapolis. Undoubtedly the difference in first cost between equipment -A- and -B- will be amortized very early in the life of the equipment purchased. Finally, the truck sold to a firm in another city is not comparable to the trucks purchased by this city and would have been available to this city with extra special equipment at less cost than the bill of sale shows for the other purchaser.

Respectfully submitted,

Chairman Committee on
Public Works.

INTRODUCTION OF ORDINANCES

By the City Controller:

APPROPRIATION ORDINANCE NO. 31, 1935

AN ORDINANCE appropriating moneys from the unappropriated and unexpended 1934 cash balance of the Gasoline Tax fund to the City Civil Engineer's Gasoline Tax Fund, and fixing a time when the same shall take effect.

BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF INDIANAPOLIS, INDIANA:

Section 1. That there be and there is hereby appropriated to the City Civil Engineer's Gasoline Tax Fund the sum of Four Thousand Nine Hundred Five Dollars and Thirty-five Cents (\$4,905.35) out of the unexpended and unappropriated 1934 cash balance of the Gasoline Tax Fund.

COMMUNICATIONS FROM CITY OFFICIALS

December 2, 1935.

To the Honorable President and
Members of the Common Council
of the City of Indianapolis.

Gentlemen:

Attached please find copies of Appropriation Ordinance No. 32, 1935, appropriating the sum of Twenty Thousand (\$20,000.00) Dollars out of the unexpended and unappropriated balance of the General Fund for the year 1934 to Department of Public Works, Office Administration Fund No. 22—Heat, Light and Power.

I respectfully recommend the passage of this ordinance.

Yours very truly,

WALTER C. BOETCHER,
City Controller.

November 26, 1935.

Mr. Walter C. Boetcher,
City Controller,

Dear Sir:

The Board of Public Works and Sanitation respectfully request that you cause to be prepared an ordinance appropriating the sum of

\$20,000.00 out of the unexpended and unappropriated balance of the General Fund 1934, into Board of Public Works and Sanitation Administration 22, Heat, Light and Power, which is made necessary by the fact that the 1935 request for this item was based upon the execution of a new contract for public lighting. As you know this did not materialize and we are now operating under an extension of the old contract and the saving anticipated was, therefore, not effected.

This fact was brought to the attention of the Common Council at the time of the submitting of the 1935 budget and I also advised the present Council that the 1936 request for this item is also based upon the anticipation of effecting a saving in the light contract.

Will you kindly present the same to the Common Council at its next meeting with the recommendation from the Board of Public Works and Sanitation that the same be passed?

Very truly yours,

BOARD OF PUBLIC WORKS AND SANITATION

By: ERNEST F. FRICK,
Secretary.

To the Honorable President and

of the City of Indianapolis.

Gentlemen:

Attached please find copies of General Ordinance No. 97, 1935, transferring moneys from certain funds and reappropriating the same to other designated funds.

I respectfully recommend the passage of this ordinance.

Yours very truly,

WALTER C. BOETCHER,

November 19, 1935.

Walter C. Boetcher,
City Controller,
City of Indianapolis.

Dear Sir:

The Board of Safety has this date approved the request of Chief Morrissey for the transfer of Seven Hundred (\$700.00) Dollars from

the police department budget—Fund No. 11—Salaries and Wages, Regular—Patrolmen First Grade, to police department budget—Fund No. 38—General Supplies.

Chief Morrissey advises us that when requesting budget transfers last August, due to an oversight, the reimbursing of the above numbered fund was omitted. He states that all Bertillon supplies are purchased from Fund No. 38 and, that due to Government requirements, there have been more expenditures from the fund this year than during the year 1934, and that it will be absolutely necessary to reimburse this fund in the above amount for the remainder of the year.

We, therefore, ask that you cause to be prepared an ordinance transferring Seven Hundred (\$700.00) Dollars from the police department budget—Fund No. 11—Salaries and Wages, Regular—Patrolmen First Grade, to Fund No. 38, General Supplies, police department budget.

Respectfully submitted,

BOARD OF PUBLIC SAFETY,

By: THEO. H. DAMMEYER,
President.

November 29, 1935.

Mr. Walter C. Boetcher,
City Controller.

Dear Sir:

The Board of Public Works and Sanitation respectfully request that you cause to be prepared an ordinance transferring the following funds out of Board of Public Works and Sanitation Administration No. 24, as follows:

In Public Buildings No. 25—Repairs	\$500.00
In Public Buildings No. 34—Institutional, Medical (Janitor Supplies)	250.00
In Public Buildings No. 38—General Supplies	100.00
In Public Buildings No. 41—Building Materials	150.00

This transfer is made necessary due to the extraordinary expense incurred in the remodeling of Controller's office, the Park Board office and the Municipal Garage, made necessary by the consolidation of the Barrett Law Department with the Controller's office and the Sanitary Garage with that of the Municipal Garage.

Will you kindly present same to the Common Council at its next meeting with the recommendation from the Board of Public Works and Sanitation that the same be passed.

Very truly yours,

BOARD OF PUBLIC WORKS AND SANITATION,

By: ERNEST F. FRICK,
Secretary.

December 2, 1935.

Mr. Walter C. Boetcher,

Dear Sir:

The balance in Department of Law Item 5—Current Charges, Fund 55—Subscriptions and Dues, is \$14.50, and we now have obligations that should be paid from this fund amounting to \$20.00, as follows:

To The Frank Shepard Company, \$10.00 for Shepard's Northwestern Reporter Citations Quarterly Cumulative Supplements, October, 1935, to October, 1936.

In order that we may pay these bills during the current year, I ask that you recommend to the Common Council the passage of an ordinance providing for the transfer of \$6.00 from Department

of Law Item 1—Services Personal, Fund 11—Salaries and Wages, Regular, to the above mentioned fund.

Very truly yours,

OTHER COMMUNICATION

November 26, 1935.

Mr. Daniel J. O'Neill, Jr., City Clerk,
The Common Council, City of Indianapolis,
35 S. Alabama Street,
City.

Dear Mr. O'Neill:

The Property Management Division of the Indianapolis Real Estate Board has been attempting to curb widespread vandalism in the city of Indianapolis. At the last meeting, the members of

this Division which represents all of the leading rental offices of Indianapolis, discussed a proposal submitted by Chief of Police Michael F. Morrissey. The proposal was that all those persons pawning or selling used merchandise through companies organized for this purpose, be required to submit to finger printing. It also provided that a city ordinance covering this should include a requirement that merchandise be held at least 96 hours before resale. At the present time, stolen merchandise can and is resold before the police department is notified.

We wish to place this matter before you for consideration and ask your permission to have representatives of this Division appear before the City Council of Indianapolis at your next meeting.

Will you please advise us whether or not this will be possible?

Very sincerely yours,

INDIANAPOLIS REAL ESTATE BOARD

PAUL L. MCCORD, President,

Property Management Division.

EARL B. TECKEMEYER, Chairman.

A public hearing was held concerning General Ordinance No. 87, 1935, at which time representatives from the four major taxicab companies were heard.

Mr. Cable asked for a recess. The motion was seconded by Mr. Kealing and the Council recessed at 8:40 p. m.

The Council reconvened at 9:15 p. m. with the same members present as before.

December 16, 1935.

To the Honorable President and
Members of the Common Council of the
City of Indianapolis.

Gentlemen:

There will be transmitted to you at your meeting this evening an ordinance providing for a recodification of the ordinances of the City of Indianapolis. Our municipal ordinances have been codified in 1895, 1904, 1910, 1917, 1925, so that for a period since 1895 we have had codifications not less frequently than every nine years. Eleven years have passed since the last Code was adopted, and after

conversations with department heads and members of the Boards, I am convinced that a new codification is absolutely necessary at this time, and therefore recommend the passage of this ordinance. This I do especially since I am advised by the Corporation Counsel that a majority of the sections in the present Code have been amended, and many of them are obsolete, so that the present Code is practically worthless. He therefore trusts that the Common Council will appreciate the absolute necessity of codifying the city ordinances now.

There will also be presented to you an ordinance amending the traffic ordinances and providing, first, for the imposition of prima facie liability upon owners of cars for a violation of city ordinances governing the parking of such cars, and, second, providing that the Police Department be authorized to remove from the streets as traffic hazards and nuisances cars parked in violation of traffic ordinances in front of or near fire plugs, in alleys, in safety zones, and/or double parked, such removal to be made by cars owned and operated by the Police Department, and to be stored in premises owned by the City, all under the direction of the Board of Safety, and without any additional charge to be made to the owners of such cars. This amendatory ordinance providing these two changes in the traffic laws were drafted after a conference held in my office, attended by Mr. Herbert Spencer, Marion County Prosecutor, and Mr. Louis Adams, from his office, the Honorable Charles Karabell and the Honorable Dewey Myers, Judges of the Municipal Court, Mr. Albert Thayer, City Prosecutor, Mr. Daniel J. O'Neill, City Clerk, and Chief Michael F. Morrissey and Captain Louis Johnson of the Police Department, and also the members and the Secretary of the Board of Public Safety. The matters set out in this ordinance are recommended and approved by these gentlemen, who are familiar with the traffic situation in Indianapolis, and I am therefore recommending to you on their behalf the adoption of this ordinance.

Respectfully yours,

JOHN W. KERN,
Mayor.

Mr. Walter C. Boetcher,
City Controller,
City Hall,
City.

Dear Mr. Boetcher:

Further regarding the mistake in City Hospital fund numbers of the 1936 budget, I wish to call your attention to page 538 of the Council Proceedings of September 2, the first paragraph.

You will note that line three reads "by striking out 343 and inserting therein 342, etc.,".

I do not understand why this change was made by the Council, as Fund 342 according to the budget classification reads "Laundry and Cleaning." If this error required councilmanic action to effect its change, will you please let us know so that we can take the necessary steps to have it done.

Very truly yours,

/s/ E. C. WOLF,
Business Manager.
